**Accident Investigation and Reporting**

Accident Investigations & Reporting - Video 10 min. #A100

Explains how to complete a thorough accident report and why it is required for each accident. Relates how it is used for accident prevention, and the human relation skills a supervisor should exercise when responding to an accident.(1998)

Accident Investigations & Reporting - DVD 10 min. #A100 DVD

Explains how to complete a thorough accident report and why it is required for each accident. Relates how it is used for accident prevention, and the human relation skills a supervisor should exercise when responding to an accident. (1988)

Supervisor's Guide to Accident Reporting - Video 12 min. #A101

Teaches step-by-step techniques on how to conduct proper accident investigations of employee injuries and explains the basic accident investigations form and why the information is necessary.(1989)

Supervisor's Guide to Accident Reporting - DVD 12 min. #A101 DVD

Teaches step-by-step techniques on how to conduct proper accident investigations of employee injuries and explain the basic accident investigations form and why the information is necessary. (1992)

Accident Reporting - Video 5 min. #A102

Details information on the most effective incident reporting techniques. Covers information to include in your report to allow for the most accurate investigation.(1988)

Accident Reporting - DVD 5 min. #A102 DVD

Details information on the most effective incident reporting techniques. Covers information to include in your report to allow for the most accurate investigation.

Supervisors Guide to Accident Reporting - Video 12 min. #A103

Teaches step-by-step techniques on how to conduct proper accident investigations of employee injuries and explains the basic accident investigations form and why the information is necessary.(1992)

Supervisor's Guide to Accident Reporting - DVD 12 min. #A103 DVD

Addresses the many aspects of completing or reviewing an accident report to ensure accuracy and information sufficiency. It also discusses options to review when considering abating an identified hazard.

**Accident Investigation and Reporting**

Accident Investigation - Video 5 min. #A104

Video identifies the purpose of the investigation and stresses the importance of witnesses and photographs. It suggests that all near misses should be investigated, as today's near misses could be tomorrow's accidents.(1989)

Supervisor's Guide to Accident Reporting - Video 12 min. #A105

Teaches step-by-step techniques on how to conduct proper accident investigations of employee injuries and explains the basic accident investigations form and why the information is necessary.(1992)

I Chose to Look the Other Way - Video 12 min.

This video is based on the popular safety poem by Don Merrell, this program shows how speaking up about unsafe acts can save lives and help develop a positive safety culture. (2002)

Accidents: Causes & Prevention - Video 10

Identifies what an unsafe act is, how to use safety counseling as training and when to discipline an employee.(1990)

Unsafe Acts - Video 11 min. #A108

Video explains and provides examples of the following terms: "Contribute to an accident", "Unsafe Acts," "Negligence," and "Dual Cause." It also explains the requirements of safety counseling.(1990)

Accidents: It can't happen to me - Video 9 min.

How does one avoid accidents? Is it just luck? Find out in this video.(1990)

Accident Investigation - Video 9 min. #A110

The purpose of this video is to teach effective accident investigation techniques. Learn how to conduct more thorough investigations and how to analyze reports in order to develop corrective actions that will help prevent future mishaps.(1997)

Anatomy of a Disaster - DVD 56 min. #A111 DVD

This DVD tells the story of one of the worst industrial accidents in recent U.S. history-the March 23, 2005, explosion at the BP refinery in Texas City, Texas which killed 15 workers, injured 180 other, and caused billions of dollars... (2008)

**Back Safety**

## Library Catalog

### Back Safety

- Back Safety - Video 10 min. # B107  
This video emphasizes the importance of overall back care and the use of proper lifting techniques. Topics include how the back works, types and causes of back injuries, back injury prevention, safety practices, and basic back exercises. (1998)
- Preventing Back Injuries - Video 24 min. #B100  
This video demonstrates the proper way to move and lift heavy objects.(1992)
- Lifting Safety-- Back Injury Prevention - Video 9 min. #B101  
Solid waste management staff, maintenance personnel, office employees, drivers and landfill operators will benefit from this program. This Video also covers lifting techniques.(1989)
- Lifting Safety - Back Injury Prevention - DVD 9 min. #B101 DVD  
Solid Waste Management staff, maintenance personnel, office employees, drivers and landfill operators will benefit from this program. Covers lifting techniques. (1989)
- Lifting Safety-- Back Injury Prevention - Video 9 min. #B102  
Solid waste management staff, maintenance personnel, office employees, drivers and landfill operators will benefit from this program. This Video also covers lifting techniques.(1989)
- Lifting Safety-- Back Injury Prevention - Video 9 min. #B103  
Solid waste management staff, maintenance personnel, office employees, drivers and landfill operators will benefit from this program. This Video also covers lifting techniques.(1989)
- Safe Lifting - Video 10 min. #B104  
  
Covers detailed functions of the back, and safe lifting techniques.(1989)
- Safe Lifting - Video 10 min. #B105  
Covers detailed functions of the back, and safe lifting techniques.(1989)
- Lifting Safely - Video 8 min. #B106  
Discusses common lifting hazards and demonstrates specific techniques for safe lifting. Also covers common causes of back injuries and demonstrates exercises for back strengthening.(1990)
- Back Injury Prevention - Video 10 min. #B111  
Details the functioning of the back, proper lifting techniques and demonstrates exercises to maintain the back.(1992)

### Back Safety

- Your Aching Back - Video 56 min. #B112  
Shows what makes the back vulnerable to injury, how to prevent back problems, using the back correctly, strengthening back muscles and eating properly.(1987)
- Your Aching Back - DVD 56 min. #B112 DVD  
Shows what makes the back vulnerable to injury, how to prevent back problems, using the back correctly, strengthening back muscles and eating properly.
- Back Safety - DVD 20 min. #B113 DVD  
This video teaches your employees about the back injuries frequently caused both on and off the job. This excellent video emphasizes overall back care, including exercise and weight control.(2005)
- Maintaining A Healthy Back - Video 10 min.  
This video points out that 80% of adults experience a back injury. Explains how to avoid back problems and misconceptions about the back. It covers: lifting procedures, ergonomic considerations and warm up exercises.(1993)
- Back Safety - Video 8 min. #B115  
Video covers back mechanics, how the back works, along with how to avoid injuries. It explains the back lever principle and how to lift properly.(1991)
- Back Care for Public Agencies - Video 13 min.  
Explains injury prevention techniques in the construction and public agency environment. Details safe methods for shoveling, digging and lifting material.(1988)
- Back Care for Public Agencies - Video 13 min.  
Explains injury prevention techniques in the construction and public agency environment. Details safe methods for shoveling, digging and lifting material.(1998)
- Back Injury Prevention - Video 15 min. #B118  
  
This video offers several techniques to avoid back injuries when sitting or standing or when lifting and handling loads, and how to recognize symptoms of back injuries.(1999)
- Materials Handling & Storage - Video 14 min.  
Become aware of the dangers and costs of materials handling incidents. Learn to identify types of injuries and ways to avoid them. Discusses hand trucks, powered industrial trucks, conveyors, cranes, hoists, chains, wire rope and slings.(1997)
- Causes and Care of Acute Back Pain - Video 10 min. #B120  
Back care and protection.(1993)

### Bloodborne Pathogens

## Library Catalog

### Bloodborne Pathogens

Blood Borne Pathogens in the Workplace -  
Video 12min. # C103  
This video contains simple methods of reducing the risk of exposure in the workplace such as AIDS and Hepatitis B which are two blood borne diseases. \*  
English (1993)

Bloodborne Pathogens: What are They? - Video  
13 min. #C100  
Dramatization that discusses: Hepatitis (B&C), Syphilis and HIV virus. Covers: symptoms, effects, transmittal and known treatments.(1995)

Bloodborne Pathogens: Protect Yourself -  
Video 9 min. #C101  
This video covers the personal protective equipment to use when exposed to bloodborne pathogens. It also discusses safe work practices and engineering controls to consider.(1995)

Bloodborne Pathogens Protect Yourself - DVD  
9 min. #C101 DVD  
The Dramatization Continues... This video covers the personal protective equipment to use when exposed to bloodborne pathogens along with safe work practices and engineering controls to consider. (1995)

Bloodborne Pathogens: Post Exposure Follow-up  
- Video 10 min. #C102  
A dramatization of the rights, responsibilities and actions to take when exposed to bloodborne pathogens, or any unknown blood or body tissue.(1995)

Blood Borne Pathogens - Just the Facts - DVD  
16 min. #C103 DVD  
This DVD helps you meet the annual training requirement for any employee who can be reasonably expected to be exposed to blood or bodily fluid on the job and use it to prepare all employees to deal safely... \*English & Spanish (2008)

Protect Yourself - Video 15 min. #C104  
Covers the personal protective equipment to use when exposed to bloodborne pathogens along with safe work practices, and safe clean-up procedures.(1992)

### Community Education

Be Cool, Play It Safe - Video 43 min. # D134  
Designed for the 6-9 year age group, this video teaches kids to take responsibility for their own safety. Safety topics include: Motor vehicle, bicycle, drug abuse, guns, falls, fire/burns, water, choking, and dog bites. (1999)

Home Safe Not Sorry - Video 45 min. # D135  
Reviews safety precautions to take and ways to "Child Proof" you home. (1996)

### Community Education

Kids And Airbags - Video 5 min. # D137  
This video provides information on how to maximize the effectiveness of air bags while ensuring optimum protection for everyone. It also provides vital information that can save your children's lives.(1997)

Secure Your Peace of Mind: Burglary Prevention Tips - Video 9:45 min. # D138  
This video provides safety precautions you can consider to help protect yourself, others and your personal property. Please recognize that a particular precaution may not be appropriate or effective in every circumstance.(1999)

Bicycle Safety Camp - Video 25 min. #D101  
Video to teach children to learn safe riding and rules of the road.(1989)

Dyslexic Child: Introduction and Screening  
Tape 1  
Introduction and Screen - Video 29 min.  
Understanding the dyslexic child and teaching reading and writing skills (first in a series of two videos).(1987)

Dyslexic Child: Tutoring the Dyslexic Child  
Tape 2  
Tutoring the Dyslexic - Video 21 min. #D102b  
Understanding the dyslexic child and teaching reading & writing skills (second in a series of two videos).(1987)

How To Clean Your VCR At Home - Video 18  
min. #D104  
Discusses proper techniques and methods for cleaning your home VCR.(1987)

Your Speaking Image: When Women Talk  
Business - Video 28 min. #D105  
Sharon Parish identifies common language weaknesses for women and how to add power and conviction to their words.(1983)

Your Speaking Image: When Women Talk  
Business-- Words That Count - Video 28 min.  
Sharon Parish teaches how to project your voice so that it is both pleasing and confident.(1983)

Six Steps To a Better Job- Part 1 - Video 60  
min. #D107a  
Describes the basics of networking, resume writing and interviewing skills.(1987)

Six Steps To a Better Job- Part 2 - Video 51  
min. #D107b  
Discusses interviewing techniques, attire and communication skills when searching for a better job.(1987)

## Library Catalog

### Community Education

- Thinking, Moving, Learning - Video 19 min.  
Discusses how children develop from the earliest age and how to help them learn activities.(1970)
- Walking Safely to School - Video 19 min. #D110  
Outlines basic safety guidelines for young children walking to school. Basic details would be to look both ways before crossing.(1974)
- Pollution Protection through CAER - Video 10 min. #D111  
Video discusses how Community Awareness & Emergency Response (CAER) serves as a platform to promote pollution prevention in San Diego County.(1994)
- Pollution Protection through CAER - Video 10 min. #D112  
Video discusses how Community Awareness & Emergency Response (CAER) serves as a platform to promote pollution prevention in San Diego County.(1994)
- Pollution Protection through CAER - Video 10 min. #D114  
Video discusses how Community Awareness & Emergency Response (CAER) serves as a platform to promote pollution prevention in San Diego County.(1994)
- When 911 Needs You: Family Identification Service  
The purpose of Family Identification Service is covered, along with how it is operated. This private service includes parent notification in case of emergency involving their children, home emergency, lost pet or lost personal property.(1995)
- People Who CARE - Video 4 min. #D117  
Community Awareness & Emergency Response (CAER) is a nationwide organization of industry, utilities, business, fire and police agencies that promotes information and awareness of preparedness for hazardous materials incidents.(1990)
- Generation at Risk - Video 60 min. #D118  
Outstanding video on programs that communities have initiated to combat teen problems of: alcohol/drug abuse, suicide, teen pregnancy, high school dropouts, crime and building self-esteem.(1986)
- Living Well America: Environmental Update - Video 18 min. #D119  
Covers three health issues: radon, indoor air pollution and second hand smoke. The concerns and remedies for these issues are also discussed.(1994)

### Community Education

- Protecting Life, Promoting Health - Video 12 min. #D120  
Video discusses the purpose of the National Safety Council and the safety issues it addresses; On the Job, On the Move, Off the Job and the Environment. Video will explain how the Council is organized and its services.(1990)
- When you're A Stranger - Video 16 min. #D121  
Precautions to follow when traveling. Including hotel fires, personal safety, rental vehicles and violence.(1980)
- Home Safe Not Sorry - Video 45 min. #D122  
Reviews safety precautions to take and ways to "Child-Proof" your home.(1996)
- My Kids - Video 30 min. #D124  
Aired Nationally on CNBC and on Bravo Network in June as an episode of "My Kids", a half-hour television series that answers the questions and explores the challenges all modern families face.(1999)
- Safety 4 Kids - Video 15 min. #D125  
"See more" and his friends will have everybody singing along with all of his safety songs. Every song will leave your child with positive message of safety.(1998)
- Bicycle Safety Camp - Video 25 min. #D126  
Video to teach children to learn safe riding and rules of the road.(1989)
- Be Cool, Play It Safe - Video 43 min. #D127  
Designed for the 6-9 year age group, this video teaches kids to take responsibility for their own safety. Safety topics include: Motor vehicle, bicycle, drug abuse, guns, falls, fire/burns, water, choking, and dog bites.(1999)
- Home Air Care--Indoor Air & Your Health - Video 13 min. #D128  
Whether you live in a house or an apartment, indoor air pollution is something you should treat very seriously. Learn what causes this pollution, how it affects your health, and how you can find out if the air in your home is safe.(1995)
- Lead Away! - Video 15 min. #D129  
Lead poisoning is a serious health problem for young children, but it can be prevented. This SESAME STREET video will help preschool children learn how to keep lead out of their bodies.(1996)
- Be Poison Smart - Video 6 min. #D130  
"Yucky Bear" uses rhymes to help preschoolers learn about poisons that are found in and around the home.(1987)

# Library Catalog

## Community Education

Our Poison Jungle - Video 10 min. #D131  
Several still-life cartoon jungle creatures get into different poison troubles. While intended for preschool and elementary children, this video also sends an important message to adults regarding different poison hazards in the home.(1980)

Fatal Attraction: Poison Prevention in the Home  
- Video 16 min. #D132  
Spend a day in the life of a child "private investigator" as he describes different poisonings and how to prevent them. Intended for middle-school children through adults.(1980)

Fatal Attraction: Poison Prevention in the Home (SPANISH) - Video 13 min. #D132(S)  
(Spoken in Spanish) Spend a day in the life of a child "private investigator" as he describes different poisonings and how to prevent them. Intended for middle-school children through adults.(1980)

Making the Right Call - Video 10 min. #D133  
You are not a bad parent if your child is exposed to poison-- it can happen to anyone. This video encourages parents to call the Poison Control Center (PCC). Shows actual PCC workers and real parents who have called the PCC.(1996)

A Quién Llamar (SPANISH) - Video 10 min.  
(Spoken in Spanish) You are not a bad parent if your child is exposed to poison-- it can happen to anyone. This video encourages parents to call the Poison Control Center (PCC). Shows actual PCC workers and real parents who have called the PCC(1996)

## Confined Spaces

Confined Space-Silent Killers - DVD 19 min.  
#DVD E100  
(2006) Spanish or English. Provides an overview of the general hazards associated with confined spaces, basic atmosphere testing requirements, and more. The emphasis for this program is the attendant.

Confined Spaces: Your Training - Video 8 min.  
  
Covers complete program including written program, attendant duties, evaluating a space, potential hazards, and types of ventilation and required training.(1994)

Confined Spaces: Air Monitoring - Video 11  
  
Covers the types of atmospheric hazards, types of atmospheric testing instruments, confined space procedures and types of ventilation.(1995)

## Confined Spaces

Confined Spaces Safety Seminar, Part 2 (Part 2) - Video 90 min. #E105b  
Covers compressed breathing air, types of sensors/instruments and how they work. The five requirements for an OSHA Confined Spaces Program are identified, as well as the six essentials of a rescue.(1998)

Confined Space Entry: Permits Required - Video 21 min. #E109  
Focuses on confined spaces permit, the entrant supervisor, and attendant. Learn the responsibilities of confined spaces issues and procedures. (1992)

## Construction Safety

Construction: Safe Work Practices - DVD 17 min. #DVD F121  
Comply with 1926.21 and outline basic safety responsibilities such as: confined space, machine guarding, electrical safety, ladder safety, housekeeping, lifting, lock-out/tag-out, tool and material safety, PPE. Tips for welding safety, excav(1994)

Roofing Safety-- Hot Application - Video 15  
Details risks, hazards and safety guidelines, including use of ladders and hoists while conducting hot tar roofing.(1988)

Roofing Safety-- Hot Application - Video 15  
Details risks, hazards and safety guidelines, including use of ladders and hoists while conducting hot tar roofing.(1988)

Flagger Safety - Video 7 min. #F102  
Using a humorous approach, this video addresses the safety procedures and techniques of flagging.(1988)

Flagger Safety - Video 7 min. #F103  
Using a humorous approach, this video addresses the safety procedures and techniques of flagging.(1988)

Traffic Control - Video 17 min. #F104  
Addresses all aspects of traffic control issues including signing, cones, warning devices and flagging.(1989)

Traffic Control - DVD 17 min. #F104 DVD  
  
Addresses all aspects of traffic control issues including signing, cones, warning devices and flagging. (1989)

Traffic Control - Video 17 min. #F105  
  
Addresses all aspects of traffic control issues including signing, cones, warning devices and flagging.(1989)

## Library Catalog

### Construction Safety

- Backhoe/ Loader Safety - Video 6 min. #F106  
Addresses pre-start up maintenance checks, operator safety, driving, and riders and digging for both new and experienced operators as well as employees working around backhoes.(1990)
- Backhoe/ Loader Safety - Video 6 min. #F107  
Addresses pre-start up maintenance checks, operator safety, driving, and riders and digging for both new and experienced operators as well as employees working around backhoes.(1990)
- Backhoe Safety - Video 8 min. #F108  
Details safe operating procedures for backhoe operations including operator safety and maintenance checks.(1988)
- Backhoe Safety - Video 8 min. #F109  
Details safe operating procedures for backhoe operations including operator safety and maintenance checks.(1988)
- Flagger Safety - Video 7 min. #F111  
Using a humorous approach, this video addresses the safety procedures and techniques of flagging.(1988)
- Front End Loader Operations and Safety - Video 13 min. #F112  
Explains basic operating procedures and techniques for front-end loaders and helpers. Included: dumping procedures, Hoppers, landfill dumping and general safe operating techniques.(1989)
- Front End Loader Operations and Safety - Video 13 min. #F113  
Explains basic operating procedures and techniques for front-end loaders and helpers. Included: dumping procedures, Hoppers, landfill dumping and general safe operating techniques.(1989)
- Front End Loader Operations and Safety - DVD 13 min. #F113 DVD  
Explains basic operating procedures and techniques for front-end loaders and helpers. Included: dumping procedures, Hoppers, landfill dumping and general safe operating techniques. (1989)
- Front End Loader Operations and Safety - Video 13 min. #F114  
Explains basic operating procedures and techniques for front-end loaders and helpers. Included: dumping procedures, Hoppers, landfill dumping and general safe operating techniques.(1989)
- Rear Loader Operations and Safety - Video 10 min. #F115  
Program covers safe truck operations, landfill safety, dumping and general operation of the rear loader.(1989)

### Construction Safety

- Rear Loader Operations and Safety - Video 10 min. #F116  
Program covers safe truck operations, landfill safety, dumping and general operation of the rear loader.(1989)
- Rear Loader Operations and Safety - Video 10 min. #F117  
Program covers safe truck operations, landfill safety, dumping and general operation of the rear loader.(1989)
- Heavy Equipment Operation - Video 10 min.  
This construction video offers several solid safety rules that heavy equipment operators and their supervisors will find worthwhile reviewing.(1989)
- Dancing Alone - Video 12 min. #F119  
True story of Joe Gutkowski who lost his life in an on-the-job fall. Family and friends of Joe share the impact of this accident.(1995)
- Working Safely With Machinery - Video 12 min.  
Helps employees become aware of the hazards associated with incorrect use of machinery and equipment.(1993)
- Scissor Lifts for Construction - DVD 10 min.  
This brief but informative "Scissor Lifts for Construction" DVD provides basic safe operator information including equipment inspection, pre-check, general operating techniques, and do's and don'ts. English & Spanish (2007)
- Boomlifts for Construction - DVD 10 min. #F123  
This brief but informative "Boomlifts for Construction" DVD provides basic safe operator information including equipment inspection, pre-check, general operating techniques, and do's and don'ts. English & Spanish (2007)
- Bucket Trucks - Extending Your Safety - DVD 15 min. #F124 DVD  
Bucket trucks make working at high elevations easier but if they are not operated safely, major accidents can occur. Use this vital program to keep your bucket truck operators safe. \* English & Spanish (2007)

### Driver Safety

- Distracted Driving - DVD 18 min. #DVD G163  
Viewers are introduced to potentially dangerous situations and given information to minimize the risks and make the roads safer for drivers and their passengers. Distracted Driving discusses five major types of distractions; cell phones and ot(2007)

## Library Catalog

### Driver Safety

Cellular Phones and Two-Way Radios - DVD 5 min. #DVD G164

Cellular phone and two-way radios offer great benefits, but they can divert a driver's attention away from the driving task. If you use wireless communication, make driving safely your first responsibility. (1992)

Utility Trailer Towing Safety - DVD 14:00 min. #DVD G195

This video discusses how to properly hitch your truck to a trailer. It covers important tow-information in your vehicles owners manual.

(2003)

Travel Safety - DVD 15:33 min. #DVD G196

In Summit's Travel Safety program, we discuss:

Pre-planning to avoid travel hazards

Personal security tips

How to minimize your risk when driving, flying, and staying in hotels

(2007)

DPAS-Driver Performance Analysis System - DVD 40 min. #DVD G197

The purpose of the DPAS is to quantify and analyze a driver's traffic related knowledge and skills, evaluates driver knowledge & skills in four areas: Traffic laws, Road Rules, Vehicle & Driver Readiness, Hazard Identification, Predicting etc. (2007)

DPAS-Driver Performance Analysis System - DVD 40 min. #DVD G199

The purpose of the DPAS is to quantify and analyze a driver's traffic related knowledge and skills, evaluates driver knowledge & skills in four areas: Traffic laws, Road Rules, Vehicle & Driver Readiness, Hazard Identification, Predicting etc. (2007)

DPAS-Driver Performance Analysis System - DVD 40 min. #DVD G200

The purpose of the DPAS is to quantify and analyze a driver's traffic related knowledge and skills, evaluates driver knowledge & skills in four areas: Traffic laws, Road Rules, Vehicle & Driver Readiness, Hazard Identification, Predicting etc. (2007)

DPAS-Driver Performance Analysis System - DVD 40 min. #DVD G201

The purpose of the DPAS is to quantify and analyze a driver's traffic related knowledge and skills, evaluates driver knowledge & skills in four areas: Traffic laws, Road Rules, Vehicle & Driver Readiness, Hazard Identification, Predicting etc. (2007)

### Driver Safety

DPAS-Driver and Traffic Knowledge - DVD 21 min. #DVD G202

(Recommended for - DPAS Part1: Driver Knowledge) Emphasis-Driver responsibilities and risks relevant to driving a motor vehicle \*Video oriented \* At the completion of this lesson the driver should know and appreciate the benefits, etc. (2007)

DPAS-Driver Performance Test Part I and Part II - DVD 76 min. #DVD G203

(Recommended for-DPAS Part 1:Driver Knowledge) (Recommended for-DPAS Part 2: Perceptual Skills) Emphasis-driving perceptual skills \*Video Oreinted \* Driver perceptual skills development (2007)

DPAS-Driver Risk Index (DRI) - DVD 40 min. #DVD G204

(Recommended for-DPAS Part 3: Traffic Risk)

Emphasis-driver and traffic risk recognition & control

\*Video Oriented \*Recognizing & controlling traffic risk situations & conditions. (2007)

DPAS-Safe Performance On The Road Test - DVD 40 min. #DVD G205

(Recommended for-DPAS Part 1: Driver Knowledge)

(Recommended for-DPAS Part 4: Traffic Procedures)

Emphasis-driver and traffic procedural skills \*Video

Oriented \* On road driving skills improvement (2007)

DPAS-Professional Driver Quiz - DVD 40 min. #DVD G206

(Recommended for-DPAS Part 1: Driver Knowledge)

Emphasis-Heavy vehicle driver and traffic skills \*Video

Oriented \* Special skills needed to operate heavy

vehicles (2007)

DPAS-Driving Environment - DVD 40 min. #DVD

(Recommended for-DPAS Part 2: Perceptual Skills)

(Recommended for-DPAS Part 3: Traffic Risk)

Emphasis-Environmental traffic hazards \*Video Oriented

\*Control environmental hazard & situations (2007)

DPAS-Mius Ten - DVD 40 min. #DVD G208

Emphasis-Preventing low speed motor vehicle crashes

\*Video Oriented \*Assessing & improving driver's low

speed vehicle control skills (2007)

DPAS-Crash Avoidance Driving Series (CADS) - DVD #DVD G209

Emphasis-Behavioral approach to traffic crash

avoidance \*Video Oriented \*Video traffic scenes are

used to stimulate risk oriented group discussion and

value clarification (2007)

## Library Catalog

### Driver Safety

Marker Memories - DVD 14:30 min. #DVD G210  
This highway safety video brings you up close and personal with the families and friends of highway tragedies. The emotional look at the meaning behind road side memorial markers is both powerful and educational. (2007)

Utility Trailer Towing Safety - DVD 14 min.  
This video discusses how to properly hitch your truck to a trailer. It covers important tow-information in your vehicles owners manual.

(2003)

Utility Trailer Towing Safety - DVD 14 min.  
This video discusses how to properly hitch your truck to a trailer. It covers important tow-information in your vehicles owners manual.

(2003)

Seat Belt Survivors - Video 9 min. #G100  
Interview with survivors of vehicle accidents.  
Discusses seat belt effectiveness.(1985)

All about Airbags - Video 10 min. #G101  
Planning to purchase a new vehicle? This video details airbag protection/ features in motor vehicles.(1985)

Avoiding Collisions--How to Survive the Teenage Driving Years - Video 17 min. #G102  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

Avoiding Collisions--How to Survive the Teenage Driving Years - Video 17 min. #G103  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

Avoiding Collisions--How to Survive the Teenage Driving Years - Video 17 min. #G104  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

Avoiding Collisions--How to Survive the Teenage Driving Years - Video 17 min. #G105  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

### Driver Safety

Avoiding Collisions--How to Survive the Teenage Driving Years  
Teen-age Yea - Video 17 min. #G106  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

Avoiding Collisions--How to Survive the Teenage Driving Years  
Teen-age Yea - Video 17 min. #G107  
  
A dialogue between parents and teenagers, this video discusses driving safety and the challenging task faced by new drivers. It covers speed, light and weather conditions, occupant protection and DUI.(1990)

Disabled Vehicles, Accident Procedures and Truck Fires - Video 15 min. #G108  
  
Program discusses disabled vehicles, reporting of accidents, emergency procedures, vehicle fires, hot loads and procedures for handling hazardous waste. (1989)

Disabled Vehicles, Accident Procedures and Truck Fires - Video 15 min. #G109  
  
Program discusses disabled vehicles, reporting of accidents, emergency procedures, vehicle fires, hot loads and procedures for handling hazardous waste. (1989)

Disabled Vehicles, Accident Procedures and Truck Fires - Video 15 min. #G110  
  
Program discusses disabled vehicles, reporting of accidents, emergency procedures, vehicle fires, hot loads and procedures for handling hazardous waste. (1989)

Dump Truck Safety - Video 15 min. #G111  
  
Discusses dump truck safety pre-start procedures, dumping techniques and general safety. (1989)

Dump Truck Safety - Video 15 min. #G112  
  
Discusses dump truck safety pre-start procedures, dumping techniques and general safety. (1989)

Night Driving Tactics - Video 12 min. #G113  
  
Drivers forced to travel in the "Tunnel of Sight" must be prepared to stop within the distance they can see. Covers night driving Safety. (1970)

On The Road Safety - Video 11 min. #G114  
  
Safe driving for the waste hauler. The "Four second rule" safe stopping distances speed, vehicle maintenance inspections and railroad crossings. (1988)

## Library Catalog

### Driver Safety

On The Road Safety - Video 11 min. #G115  
Safe driving for the waste hauler. The "Four second rule" safe stopping distances speed, vehicle maintenance inspections and railroad crossings. (1988)

Public Pain, Private Burden - Video 15 min.  
Covers the social and financial impact of not wearing seat belts. (1980)

Route Safety Analysis - Video 13 min. #G118  
Addresses route hazards, liability and exposures for solid waste trucks. (1989)

Route Safety Analysis - Video 13 min. #G119  
Addresses route hazards, liability and exposures for solid waste trucks. (1989)

Route Safety Analysis - Video 13 min. #G120  
Addresses route hazards, liability and exposures for solid waste trucks. (1989)

Safe Backing and Child Safety - Video 10 min.  
Targeted at the large vehicle and solid waste industry, this video explains common causes and solutions to backing incidents. It discusses using spotters, backing without spotters, mirrors, cone of invisibility, spotter signals & residential (1988)

Safe Backing and Child Safety - Video 10 min.  
Targeted at the large vehicle and solid waste industry, this video explains common causes and solutions to backing incidents. It discusses using spotters, backing without spotters, mirrors, cone of invisibility, spotter signals & residential (1988)

Safe Backing and Child Safety - Video 10 min.  
Targeted at the large vehicle and solid waste industry, this video explains common causes and solutions to backing incidents. It discusses using spotters, backing without spotters, mirrors, cone of invisibility, spotter signals & residential (1988)

Valvoline Driving Test - Video 48 min. #G124  
Test the knowledge of your drivers to develop a safe, professional driving attitude. Viewers find in the course of the test, how many of the reconstructed accidents could have been avoided. Hosted by Christopher Reeves. (1989)

Valvoline Driving Test - Video 48 min. #G125  
Test the knowledge of your drivers to develop a safe, professional driving attitude. Viewers find in the course of the test, how many of the reconstructed accidents could have been avoided. Hosted by Christopher Reeves. (1989)

### Driver Safety

Vehicle Occupant Protection - Video 43 min.  
Details simulated vehicle crashes utilizing crash dummies and explains benefits of seat belt use. (1980)

Commercial Driver License - Video 45 min.  
This video introduces a set of videos that covers preparation for taking the Commercial Driving License tests; Written Test, Pre-Trip Inspection, and Drivers Skill Test. (1990)

Commercial Driver's License Pre-Trip Inspection Test - Video 30 min. #G129  
This video is a training aid to help commercial drivers prepare for their Pre-Trip Inspection Test. Demonstrates various inspections and the six-brake test. (1990)

Waste Service Driver Skills Test & Road Test - Video 36 min. #G130  
Helps prepare the student driver for the skills test portion of the commercial driver's license. It explains expectations and the road test demonstrates what is expected of the driver on the road. (1990)

Bus Driver Skills & Road Test - Video 36 min.  
Helps prepare the student driver for the skills test portion of the Commercial Driver's License. (1990)

Bus Drivers Pre-Trip Inspection Test - Video 13 min. #G132  
The video demonstrates what is expected of bus drivers, and how to pass the inspection portion of the commercial drivers license test. (1990)

Transport Trailer Safety - Video 20 min. #G133  
Video discusses safe loading, unloading and tie down of heavy equipment on a trailer. It also covers trailer load capacity and safety restrictions. (1995)

Less Than Invincible - Video 14 min. #G134  
See the faces and hear the stories of those impacted by a car collision involving four teenagers; two of whom died. Experience the suffering resulting from speeding. (1994)

Less Than Invincible - Video 14 min. #G135  
See the faces and hear the stories of those impacted by a car collision involving four teenagers; two of whom died. Experience the suffering resulting from speeding. (1994)

Less Than Invincible - Video 14 min. #G136  
See the faces and hear the stories of those impacted by a car collision involving four teenagers; two of whom died. Experience the suffering resulting from speeding. (1994)

## Library Catalog

### Driver Safety

- It's A Jungle out There - Video 5 min. #G137  
Film stresses defensive driving for your survival, because you can't count on the other driver. (1986)
- It's A Jungle out There - Video 5 min. #G138  
Film stresses defensive driving for your survival, because you can't count on the other driver. (1986)
- Driving and the Driver - Video 13 min. #G139  
This video identifies the characteristics of a defensive driver. It covers the impact of the driver's physical and mental condition on driving ability. (1986)
- Trouble Ahead, Trouble Behind - Video 13 min.  
  
Provides safety rules to avoid collisions with those around you. Covers defensive driving ideas, such as the 2 second following rule (3 seconds in California). (1985)
- Live and let Live - Video 13 min. #G141  
This is a story of a fatal car crash. Learn the effects of alcohol on the mind, body and driving ability. Does the use of over-the-counter drugs, prescription drugs or marijuana have any impact on your driving ability? Watch and learn. (1985)
- Sounds of the City & The Grass is Greener - Video 18 min. #G142  
The first part of this video reviews hazards of city driving and how to avoid them. The second part of this video discusses rural and mountain driving hazards, along with safe driving techniques. (1992)
- No Second Chance - Video 13 min. #G143  
This video explains how head-on collisions occur. Learn how to avoid collisions, and the reasons to wear seat belts. (1988)
- The More Things Change & It's Not Hollywood - Video 19 min. #G145  
"The More Things Change" discusses the conditions that affect driving. Which include: vehicle, light, weather, road and traffic. "It's not Hollywood" discusses proper procedures for passing and avoiding head-on collisions. (1992)
- Extra Margin of Safety - Video 20 min. #G147  
This video persuades drivers to use their shoulder belt. By demonstrating the extra margins of safety achieved with the shoulder belt using crash dummy footage and the "Convincer". It also describes accident victim stories.(1987)

### Driver Safety

- Red Asphalt III - Video 16 min. #G148  
This video shows the results of people who made errors in judgment. They drove under the influence of alcohol, with out seat belts, speeding and driving without rest. WARNING: This film shows graphic human carnage and suffering. (1989)
- Red Asphalt III - DVD 16 min. #G148 DVD  
This video shows the results of people who made errors in judgment. They drove under the influence of alcohol, with out seat belts, speeding and driving without rest. WARNING: This film shows graphic human carnage and suffering. (1989)
- Precious Cargo - Video 16 min. #G152  
  
This video discusses car seat safety. (1997)
- The Hidden Dangers of Low Water Crossing - Video 9 min. #G153  
This video covers the dangers of low water crossings and how a small amount of water can create large hazards. (1996)
- The Hidden Dangers of Low Water Crossing - Video 9 min. #G154  
This video covers the dangers of low water crossings and how a small amount of water can create large hazards. (1996)
- Backing Safely - Video 12 min. #G155  
Backing up is the cause of a large number of collisions, creating inconveniences, property damage and personal injury. This video offers practical safety information to help eliminate backing collisions. (1996)
- The Life of the Party - Video 16 min. #G156  
Video discusses the host's responsibilities where alcohol is being served. It covers: controlling impairment, spotting impairment, preventing intoxication, and preventing impaired driving. (1985)
- Making the Law Work-- Safety Belt Use in Elmira, NY - Video 10 min. #G157  
Video discusses how this city increased the rate of compliance with their new seat belt law by advertising and ticketing violators. (1985)
- Residential Pickup - Video 12 min. #G158  
Addresses driver and vehicle safety, riding on vehicles, trash pick up, personal protection, customer relations, slips and falls, hazardous wastes, loading, dumping and using equipment safely. (1989)
- Residential Pickup - Video 12 min. #G159  
Addresses driver and vehicle safety, riding on vehicles, trash pick up, personal protection, customer relations, slips and falls, hazardous wastes, loading, dumping and using equipment safely. (1989)

## Library Catalog

### Driver Safety

- Residential Pickup - Video 12 min. #G160  
Addresses driver and vehicle safety, riding on vehicles, trash pick up, personal protection, customer relations, slips and falls, hazardous wastes, loading, dumping and using equipment safely. (1989)
- Road Rage: How to Protect Yourself - Video 15 min. #G161  
This Video covers the rationale for keeping cool, calm, and controlled in today's stressful and potentially dangerous driving environment. (1998)
- The Hidden Dangers of Low Water Crossing - Video 9 min. #G162  
This video covers the dangers of low water crossings and how a small amount of water can create large hazards. (1996)
- Air Bag Safety - Video 15 min. #G165  
Discusses the positive points of airbag use. (1996)
- Precious Cargo - Video 16 min. #G166  
This video discusses car seat safety. (1997)
- North American Standard Level One Inspection - Video 33 min. #G167  
A step by step approach of the critical item level-one and the level-two walk-around commercial vehicle inspection.(1998)
- North American Standard Level Three Inspection - Video 24 min. #G168  
This video provides commercial vehicle inspectors with the basic information needed to perform a driver-only inspection and familiarizes inspectors with the various documents the driver is required to carry and update. (1993)
- The Safety Equation - Video 28 min. #G169  
Understand the importance of uniform commercial motor vehicle regulations.(1991)
- Ready to Roll - Video 13 min. #G170  
Both industry and regulatory personnel agree that pre-trip & post-trip inspections are more than requirements-- they're good business sense.(1995)
- The Big Mistake - Video 10 min. #G171  
Correctly identifying a vehicle's carrier ID is at the heart of CMV inspections. Watch and learn from someone else's big mistake.(1995)
- Performing the CVSA Bus Inspection - Video 19 min. #G172  
Learn the key elements covering a Commercial Vehicle Safety Alliance certified bus inspection.(1993)

### Driver Safety

- Pursuit of Excellence - Video 10 min. #G173  
What does it take to become a highway roadside safety inspector? This video will help you find out. Inspectors from across the country talk about their experiences as the "Frontline of Safety" for commercial highway transportation.(1994)
- Dataline-- Using the Supplemental Bus/Truck Accident Form - Video 40 min. #G174  
This video focuses on the collection of new data specific to trucks and buses for report forms.(1994)
- A Safe Way Out: The Trupact II Transportation System - Video 20 min. #G175  
Learn how transuranic waste will be safely transported to the Waste Isolation Pilot Plant.(1997)
- The Hidden Truth: Looking for False Log Books - Video 13 min. #G176  
Because commercial vehicle inspections are placing more focus on the driver, it is important for inspectors to always look for the possibility of a false log book.(1996)
- Large Carrier Review - Video 40 min. #G177  
Learn what questions should be asked and what typical carrier responses may be during review/safety audits.(1989)
- Small Carrier Review - Video 19 min. #G178  
Learn what questions should be asked and what typical carrier responses may be during review/safety audits.(1989)
- CDL-- A New Brand of License - Video 12 min.  
This program explains the different classes of commercial motor vehicle licenses and the various endorsements they may carry.(1990)
- Fit For the Road-- Evaluating the Health of the Commercial Truck Driver - Video 18 min. #G180  
This program will acquaint physicians with the special demands of trucking and how to be alert for medical problems that are more prevalent among drivers.(1990)
- Something for Jamie - Video 10 min. #G182  
A real life story which stresses the importance of paying close attention to the motor vehicle regulations with regards to driving under the influence.(1997)
- Impaired! - Video 17 min. #G185  
What is your awareness level when it comes to looking for an impaired driver? Learn to recognize the signs.(1995)

## Library Catalog

### Driver Safety

Preventing Disaster at the Crossing - Video 18 min. #G186

This video shows school bus drivers the potential for danger at highway-rail crossings and teaches drivers proper safety precautions. Outlines the National Safety Council's 10-step procedure for safe bus driver actions.(1991)

The Safety Zone - Video 16 min. #G187

Designed for use in high school drivers education, "The Safety Zone" addresses issues ALL drivers should know about sharing the road with commercial vehicles.(1995)

Building Blocks-- Creating a Local CMV Inspector Competition - Video 15 min. #G188

What is the best way to focus your agency refresher training? Host your own "Challenge" competition. This video will tell you what you need to know to get started.(1997)

Low Visibility and Driving - Video 15 min. #G189

Addresses problems caused by weather conditions such as fog, snow, rain and bright sun and other factors not usually covered in traditional driver safety courses.(1993)

Backing Safely - Video 12 min. #G190

Backing up is the cause of a large number of collisions, creating inconveniences, property damage and personal injury. This video offers practical safety information to help eliminate backing collisions.(1995)

Parking Safely - Video 14 min. #G191

Parking can be just as hazardous as driving in traffic, since many drivers and pedestrians disregard all normal traffic laws once they arrive in a parking area. This video will refresh even the experienced driver's parking skills.(1995)

Modern Driving Hazards: Road Rage, Cell Phones & Other Dangers - Video 19 min. #G192

Learn the causes of road rage & how to prevent & diffuse it & other situations, hazards of using cell phones & other high-tech devices while driving and how to share the road with other drivers.(2000)

Introduction to Powered Industrial Trucks - Video 5 min. #G193

Powered industrial trucks can be dangerous to people and property when used incorrectly. Safe operation requires proper training.(1992)

### Driver Safety

Driving, Risks and Responsibilities - Video 17 min. #G194

This program examines the costs associated with operating company vehicles and some general issues associated with driving at work. It does not teach driving skills. Included in this program: Reason of Safe Driving, (2001)

DPAS-Driver Performance Analysis System - DVD 40 min. #G198 DVD

The purpose of the DPAS is to quantify and analyze a driver's traffic related knowledge and skills, evaluates driver knowledge & skills in four areas: Traffic laws, Road Rules, Vehicle & Driver Readiness, Hazard Identification, Predicting etc. (2007)

### Drug & Alcohol

Dealing with Drugs and Alcohol Abuse... for Employees - DVD 17 min. #DVD H105

This video discusses the major effects that drugs and alcohol can have on someone, both at home and at work. It also reviews what employees can do to help combat substance abuse in their workplace.(2006)

Dealing with Drugs and Alcohol Abuse...for Managers and Supervisors - DVD 17 min. #DVD

This video discusses the effects that employees who are "under the influence" can have on their own safety and the safety of their coworkers, and reviews what managers and supervisors can and should do to deal with substance abuse in the (2006)

"I Used to Work Here"-- Confronting Drugs in the Workplace - Video 17 min. #G183

This video is a discussion starter for a motor carrier employee assistance program. (Video one of two)(1991)

Too Much to Lose-- Confronting Drugs in the Workplace - Video 22 min. #G184

This video accompanies "I Used to Work Here." It assists supervisor training for the motor carrier's employee assistance program. (Video two of

What Drug Testing is All About - Video 10 min.

Program for introducing drug abuse testing programs to employees. Explains testing procedures, and employee rights. Discusses length of time drugs stay in the human body and the types of drugs detected.(1990)

What Drug Testing is All About - DVD 10 min. #H100 DVD

Program for introduction drug abuse testing programs to employees. Explains testing procedures, and employee rights. Discusses length of time drugs stay in the human body and the types of drugs detected.

## Library Catalog

### Drug & Alcohol

What Drug Testing is All About? - Video 10 min.  
Program for introducing drug abuse testing programs to employees. Explains testing procedures, and employee rights. Discusses length of time drugs stay in the human body and the types of drugs detected.(1990)

What Drug Testing is All About? - Video 10 min.  
Program for introducing drug abuse testing programs to employees. Explains testing procedures, and employee rights. Discusses length of time drugs stay in the human body and the types of drugs detected.(1990)

Medication and Safety - Video 13 min. #H107  
Proper use of over-the-counter and prescription medications.(1993)

### Earthquake Preparedness

Earthquake Safety - Video 12 min. #I100  
Video explains the causes of earthquakes and the probability of when the next large one will occur. It describes what to do when it occurs if you are located in your workplace, church, bedroom, kitchen, bathtub, car or outside.(1987)

Earthquake Safety - Video 12 min. #I101  
Video explains the causes of earthquakes and the probability of when the next large one will occur. It describes what to do when it occurs if you are located in your workplace, church, bedroom, kitchen, bathtub, car or outside.(1987)

Earthquake Preparedness: What Childcare Providers  
Video to prepare the family home, or childcare center. Also covers planning for the steps to take after an earthquake, and training the children/parents on reuniting.(1992)

### Electrical Safety

Electrical Safety in the Workplace - Video 27 min. # J108  
  
This video contains basic definitions and explanations of basic electrical terms, states and explains the 3 basic rules that apply to electricity, Effects of Current on the Human Body, Common Hazards and Hazard Control.(2001)

Electrical Arc Flash Safety - DVD 13:45 #J100  
  
This informative video discusses electrical safety and more specifically, the dangers of ARC FLASH or ARC BLAST. This video is consistent with recommendations set forth in NFPA 70E. English (2008)

### Electrical Safety

Danger Within Reach - Video 27 min. #J101  
Excellent video produced by San Diego Gas & Electric on Electrical Safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts.(1990)

Danger Within Reach - Video 27 min. #J102  
Excellent video produced by San Diego Gas & Electric on electrical safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts.(1990)

Danger Within Reach - DVD 27 min. #J102 DVD  
Excellent video produced by San Diego Gas & Electric on electrical safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts. (1990)

Danger Within Reach - Video 27 min. #J103  
Excellent video produced by San Diego Gas & Electric on Electrical Safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts.(1990)

Danger Within Reach - Video 27 min. #J104  
Excellent video produced by San Diego Gas & Electric on Electrical Safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts.(1990)

Electrical Arc Flash Safety - DVD 13:45 min. #J105 DVD  
  
This informative video discusses electrical safety and more specifically, the dangers of ARC FLASH or ARC BLAST. This video is consistent with recommendations set forth in NFPA 70E. Spanish (2008)

Danger Within Reach - Video 27 min. #J106  
Excellent video produced by San Diego Gas & Electric on Electrical Safety. Covers physical reaction, arc, shock, protective clothing, grounding and lockouts.(1990)

Electrical Safety in the Workplace - DVD 27 min. #J108 DVD  
  
This program contains the following information: Basic facts-definitions and explanations of basic electrical terms. Basic Rules 1) Electricity will only travel in a circuit.2) Electricity will always travel in the path of least resistance...(2001)

Construction - Electrical Safety - DVD 11 min. #J109 DVD  
  
There are some shocks in life you can live with, but not usually on a construction site. This DVD discusses basic electrical theory, safework practices, & tools and wiring. \*English & Spanish (2008)

### Emergency Preparedness

## Library Catalog

### Emergency Preparedness

"Emergency Evacuations From Multi-Story Buildings" - Video 5 min. # I103  
Protection of occupants in multi-story buildings is critical in the event of an emergency evacuation. Learn how to evacuate safely and efficiently before an emergency occurs. (1992)

Excavation Safety Orientation - DVD N/A #109  
DVD teaches workers how to recognize safety and health hazards when working in and around excavations and trenches and how to protect themselves and others from hazards. This is in Spanish and in English.\* DVD only works on a PC with a DVD

High-Impact Emergency Action Plans - Video 9 min. #I113  
This video covers the PASS method, Fire Extinguisher Safety, Hazard Communication Plan, Bloodborne Pathogens, Severe weather conditions, and workplace violence safety.(2006)

When Disaster Strikes-- Are You Prepared? - Video 22 min. #I116  
Be prepared for a disaster before it strikes. This video discusses: Disaster Plans, Communications, Mail Terrorism & Bombs, Chemical & Biological Agents, Emergency Evacuation and First Aid & Safety.(2002)

When Disaster Strikes - Are You Prepared? - DVD 22 min. #I116 DVD  
Be prepared for a disaster before it strikes. This video discusses: Disaster Plans, Communications, Mail Terrorism & Bombs, Chemical & Biological Agents, Emergency Evacuation and First Aid & Safety. (2002)

Disaster Readiness - DVD 15:22 #I118 DVD  
This video consists of the importance of planning and preparing for emergency situations, variables to consider for proper preparation, and elements of a comprehensive emergency response plan, English/Spanish with Subtitles (2007)

Terrorism At Work: Be On the Alert - Video 13 min. #O177  
This video will discuss terrorism attacks on workplaces and ways to be on the alert. (2001)

Travel Safety Precautions - Video 13 min. #O179  
On September 11, 2001 terrorists attacked the World Trade Center. This video discusses terrorism and precautions to take while traveling. (2001)

### Ergonomics Safety

Ergonomics Awareness - Video 10 min. #Z100  
This video identifies common sources of cumulative trauma disorders (CTDs) and other injuries and suggests initiatives that employees can take to protect themselves.(1998)

### Ergonomics Safety

Materials Handling - Video 10 min. #Z101  
Discusses the importance of a proper grip, reviews lifting techniques and encourages viewers to vary their workload to allow for periods of rest in between heavy materials handling chores.(1998)

Lifting - Video 12 min. #Z102  
Explains how to stretch before attempting any lift; shows how to bend at the knees and lift with the legs, not the back. It reminds viewers to clear the path before moving objects and recommends getting help for heavy or awkward lifts.(1998)

Workstation Adjustment - Video 8 min. #Z103  
Encourages employees to adjust their workstations to achieve the right fit for them. It shows optimal heights for work surfaces, proper posture to maintain in seated or standing work and minor modifications that can be made to equipment.(1998)

Back Exercises - Video 15 min. #Z104  
Explains the structure of the back and how exercise can keep it strong and injury-resistant. Demonstrates a number of exercises to strengthen the back and related areas, most of which can be done right at one's desk or workstation.(1998)

Carpal Tunnel Syndrome - Video 8 min. #Z105  
Video identifies Carpal Tunnel Syndrome and its symptoms. Prevention methods are stressed, along with the role of warm up and stretching exercises.

Video Display Terminal Safety - Video 9 min.  
Identifies backaches, hand/wrist injuries and eyestrain due to video display terminals. Explains the proper adjustments for chairs, keyboards, screens, lighting & glare. Addresses the need for stretching breaks and resting eyes. (1990)

Video Display Terminal Safety - Video 10 min.  
Video identifies how to avoid backaches, neck/shoulder strain, carpal tunnel syndrome and eyestrain.

Carpal Tunnel Syndrome - Video 5 min. #Z108  
Explains Carpel Tunnel Syndrome, its cause and how to avoid its occurrence. (1992)

Work Ergonomics: Cumulative Trauma Disorder - Video 5 min. #Z109  
Computer users are highly susceptible to cumulative trauma disorders (CTDs). This video discusses CTDs. (1996)

Ergonomics - Video 13 min. #Z110  
This video introduces the basic principles of ergonomics. Learn several ways to detect and control or eliminate potential problems. Addresses ergonomics in regard to a wide variety work situations. (1997)

## Library Catalog

### Fire Safety

- Fire Extinguisher Use and Procedures - Video  
18 min. #I104  
Describes fire classification, types of fire extinguishers and their uses.(1988)
- Fire Protection/ Electrical Safety - Video 11  
Training for new and experienced employees. Covers extinguishers, sprinklers, housekeeping, chemicals, electrical cords, receptacles and electrical safety.(1987)
- Fire Safety: Extinguishers - Video 8 min. #I106  
This video overviews the different types of extinguishers and their uses. Learn how to employ an extinguisher using the Acronym "PASS".(1994)
- Fire Safety: Extinguishers - DVD 8 min. #I106  
This video overviews the different types of extinguishers and their uses. Learn how to employ an extinguisher using the Acronym "PASS".(1994)
- Stop It Burning - Video 15 min. #I107  
Fire Prevention and protection.(1991)
- Fire Extinguisher Training - Video 14 min. #I108  
Program covers: How to use an extinguisher by remembering the acronym "PASS" and classes of fires.(1991) Spanish
- Fire Extinguisher Training - DVD 14 min. #I108  
Program covers: How to use an extinguisher by remembering the acronym "PASS" and classes of fires.(1991) Spanish
- Fire Extinguisher Training  
Training - Video 5 min. #I111  
Video covers monthly inspection procedures of extinguishers, classes of fires, and using the extinguisher by employing the acronym "PASS".(1992)
- Fire Extinguisher Training - DVD 5 min. #I111  
Video covers monthly inspection procedures of extinguishers, classes of fires, and using the extinguisher by employing the acronym "PASS". (1992)
- Stop It Burning - Video 15 min. #I112  
Covers the components of fire, fighting fire, extinguishing agents, classes of fires, extinguisher use by type of fire, and safety practices.(1991)
- Stop It Burning - DVD 15 min. #I112 DVD  
Covers the components of fire, fighting fire, extinguishing agents, classes of fires, extinguisher use by type of fire, and safety practices. (1991)

### Fire Safety

- Fire Extinguishers - Your Pass to Safety - DVD  
8 min. #I114 DVD  
When fire breaks out, your workers only have seconds to respond. Every delay can be costly. Even fatal. Give your employees accurate and concise annual training on fire extinguisher use. \*English & Spanish (2008)
- Fire Safety - Video 12 min. #I115  
Learn to prevent fires by recognizing fire hazards and establishing preventive measures, and how to respond appropriately if a fire does occur. Discusses the main components of an effective fire safety program.(1997)
- Burn Emergencies: Prevention and Response -  
Video 10 min. #I117  
Learn how to identify the class of a burn, how to treat the burn according to its class, and how to respond quickly, safely, and properly.(1993)

### Fleet Maintenance

- Battery Safety - Video 15 min. #K100  
Explains battery construction, personal safety, and jump starting and charging batteries.(1987)
- Battery Safety - DVD 15 min. #K100 DVD  
Explains battery construction, personal safety, and jump starting and charging batteries. (1987) \*English
- Battery Safety - Video 15 min. #K101  
Explains battery construction, personal safety, and jump starting and charging batteries.(1987)
- Battery Safety - Video 15 min. #K102  
Explains battery construction, personal safety, and jump starting and charging batteries.(1987)
- Employee Safety Orientation for Automotive  
Personnel - Video 12 min. #K103  
Meets OSHA requirements for training in general hazards as well as specific issues such as proper clothing. Tool safety and tire repair, are also addressed.(1988)
- Employee Safety Orientation for Automotive  
Personnel - Video 12 min. #K104  
Meets OSHA requirements for training in general hazards as well as specific issues such as proper clothing. Tool safety and tire repair, are also addressed.(1988)
- Fleet Shop Safety and Hazardous Materials -  
Video 10 min. #K106  
Specifically targets hazardous chemicals and materials, Materials Safety Data Sheets (MSDS), asbestos and general safety procedures.(1988)

## Library Catalog

### Fleet Maintenance

- Hand/Power Tool Safety for the Vehicle  
Mechanic - Video 10 min. #K107  
Detail hand/power tool safety, flammable liquids,  
housekeeping and general safety procedures.(1988)
- Hand/Power Tool Safety for the Vehicle  
Mechanic - Video 10 min. #K108  
Detail hand/power tool safety, flammable liquids,  
housekeeping and general safety procedures.(1988)
- Multi-Piece Wheels-Split Rims - Video 18 min.  
Procedures are discussed for dismounting, mounting,  
inflating and handling split rims.
- Multi-Piece Wheels-Split Rims - Video 18 min.  
Procedures are discussed for dismounting, mounting,  
inflating and handling split rims.
- Multi-Piece Wheels-Split Rims - Video 18 min.  
Procedures are discussed for dismounting, mounting,  
inflating and handling split rims.(1989)
- Preventive Maintenance - Video 14 min. #K113  
This video covers the basic vehicle preventive  
techniques to avoid breakdowns and costly vehicle  
repairs.(1988)
- Radial and Bias-Ply Tire Repair - Video 13 min.  
Explains off-the-wheel tire inspection, NTDRA/RMA  
standards for rejecting a tire for repair nail hole repair  
and updated repair and safety procedures.(1989)
- Radial and Bias-Ply Tire Repair - Video 13 min.  
Explains off-the-wheel tire inspection, NTDRA/RMA  
standards for rejecting a tire for repair nail hole repair  
and updated repair and safety procedures.(1989)
- Radial and Bias-Ply Tire Repair - Video 13 min.  
Explains off-the-wheel tire inspection, NTDRA/RMA  
standards for rejecting a tire for repair nail hole repair  
and updated repair and safety procedures.(1989)
- Section Repair of Truck Tires - Video 25 min.  
  
Advanced course for those making section repairs in  
bias-ply and radial tires.(1989)
- Servicing and Installing Multi-Piece Rims -  
Video 25 min. #K118  
  
Meets OSHA requirements for working safely with split  
rims.(1971)
- Servicing and Installing Multi-Piece Rims -  
Video 25 min. #K119  
  
Meets OSHA requirements for working safely with split  
rims.(1971)

### Fleet Maintenance

- Tire Installer Safety - Video 13 min. #K121  
Explains safety procedures, tire guide, air pressure and  
how to prevent a serious injury when installing or  
repairing tires.(1987)
- Torquing Lug Nuts - Video 6 min. #K122  
Explains specific procedures required for proper torque  
setting on lug nuts.(1987)
- Torquing Lug Nuts - Video 6 min. #K123  
Explains specific procedures required for proper torque  
setting on lug nuts.(1987)

### General Safety

- National Safety Council Injury Facts - CD #CD-  
ROM P102  
  
2006 Injury Facts: Unintentional Injuries, Occupational,  
Motor Vehicle, Home& Community, State Data,  
International Data, Technical Appendix, and Other  
Sources. (2007)
- The OSHA 300 Log - DVD 14 min. #DVD L127  
The recordkeeping for occupational injuries have been  
revised and all companies must be in compliance by  
January 1, 2002. To avoid possible fines or litigation it's  
vital that these new guidelines are understood and  
followed by anyone assigned 2007
- California's New Safety Law SB-198 - DVD  
15:40 min. #DVD Q111  
  
Although the law applies to California businesses, it  
should be reviewed by employees in other states. It  
contains excellent information relating to safety program  
development, documentation and enforcement  
efforts.(2007)
- Hooked On Safety - DVD 60 min. #DVD Q112  
'Hooked on Safety' will change the way your employees  
view safety for a lifetime. - It will create a positive  
safety attitude in all attendees - convince everyone to  
take responsibility for their own safety...
- Hooked On Safety - DVD 60 min. #DVD Q113  
  
'Hooked on Safety' will change the way your employees  
view safety for a lifetime. - It will create a positive  
safety attitude in all attendees - convince everyone to  
take responsibility for their own safety... (2008)
- Anatomy of a Disaster - DVD 56 min. #I110  
  
Anatomy of a Disaster tells the story of one of the  
worst industrial accidents in recent U.S. history. The  
DVD includes a nine-minute computer animation detailing  
the events leading up to the blast. English

## Library Catalog

### General Safety

Maintenance Person Safety - Video 15 min.

This video covers personal protective equipment, housekeeping, compressed air, gas cylinders, fires/flammables, electrical, lifting, ladders, lockout/tagout, tool guards & the bench grinder.(1990)

Your Safety Committee in Action - Video 11

This program details how to make safety committee meetings effective without wasting valuable time.

Your Safety Committee in Action - Video 11

This program details how to make safety committee meetings effective without wasting valuable time.

Safety Committee Participation - Video 10 min.

A safety carol: The ghosts of safety committee meetings past, present and future teach a committee chairman how to develop and organize an effective safety committee. (1995)

Senate Bill 198 - Video 16 min. #Q103

Covers the California Injury and Illness Prevention Program-Senate Bill 198 for either supervisors or workers. This program explains the steps necessary to comply with the law; from a written safety program to specific training. (1990)

English

Senate Bill 198 - Video 16 min. #Q104

Covers the California Injury and Illness Prevention Program-Senate Bill 198 for either supervisors or workers. This program explains the steps necessary to comply with the law; from a written safety program to specific training. (1990)

Senate Bill 198 - Video 16 min. #Q105

Covers the California Injury and Illness Prevention Program-Senate Bill 198 for either supervisors or workers. This program explains the steps necessary to comply with the law; from a written safety program to specific training. (1990)

A Safe Ride: An Elevator, Escalator and Moving Walk Safety Video for Adults - Video 12 min.

Video covers safe and proper ways to ride elevators, escalators and moving walks. (1997)

Safety Signs - Video 12 min. #Q107

Outlines the use of safety signs and proper placement. English (1993)

Walkway Safety: Watch Your Step - Video 8 min. #Q108

Learn how to spot, prevent, and remedy walkway hazards covering good housekeeping, adequate lighting, good footwear, etc. (1993)

### General Safety

SB 198 Manager's Responsibilities - Video 16 min. #Q109

This video help supervisors and mangers understand SB 198 requirements so they can help your company comply.(1992)

SB 198 Employee Safety Training - Video 12 min. #Q110

This video introduces employees about SB 198 Injury/Illness Prevention Program. (1992)

Safety Orientation - DVD 16:04 min. #T203 DVD

This video covers:PPE,Ladder Safety,Fall Prevention,Hazard Recognition,Hoists and Slings,Scaffolding Safety,Hazardous Materials Safety,Electrical hazards,Housekeeping,Vehicle traffic,Excavations, and Hot.... English (2007)

### Hand/ Power Tool Safety

Hand & Power Tool Safety - DVD 19:45 min. #DVD M109

Summit's program focuses on important themes, such as:

- Work preparation – PPE selection
- Choosing the right tool for the job
- Safe work practices for all tools

& Spanish with subtitles (2007)

### Hand/Power Tool Safety

Inspection, Care and Storage Slings - Video 17 min. # M136

The program concentrates on chain slings, wire slings, and fiber slings, and covers Pre-use Checks, Care Equipment whilst in use, Planned Periodic Inspections, and Storage of Equipment. (1994)

Grinder and Abrasive Wheel Safety - Video 13 min. #M100

Details safe use, maintenance and procedures for working with grinders and abrasive wheels.(1989)

Grinder and Abrasive Wheel Safety - Video 13 min. #M101

Details safe use, maintenance and procedures for working with grinders and abrasive wheels.(1989)

Hand & Power Tool Safety - Video 13 min.

For general industry use, construction and service related industries. Discusses hammers, screwdrivers. Wrenches, impact tools, drills, saws and electrical tools.(1987)

Hand & Power Tool Safety - Video 13 min.

For general industry use, construction and service related industries. Discusses hammers, screwdrivers. Wrenches, impact tools, drills, saws and electrical tools.(1987)

## Library Catalog

### Hand/Power Tool Safety

- Tool Rules - Video 20 min. #M104  
The correct selection & safe use of the most frequently used hand power tools.(1979)
- Portable Power Tools - Video 11 min. #M105  
Entertaining video about the game show "It's Your Job."  
Contestants answer questions about inspecting tools, guards, personal protective equipment and safety precautions.(1994)
- Portable Hand Tools - Video 10 min. #M106  
Hand Tool safety presented by the stars of spoof show "Tool Talk." They cover the correct use of tools, proper handling & inspecting.(1994)
- Ladder Safety - Video 15 min. #M107  
Video covers basic rules for ladder safety standards. Explains safe ladder use in the work place.(1994)
- Ladder Safety - Video 10 min. #M108  
Details the requirements for safe ladder usage, as well as make shift ladders, electrical hazards and inspections.(1980)
- Ladder Safety - Video 5 min. #M110  
This video covers basic rules for ladder safety standards. Discusses some common mistakes to avoid when using ladders. Explains safe ladder use for home and in the workplace.(1990)
- Ladder Safety - Video 5 min. #M111  
This video covers basic rules for ladder safety standards. Discusses some common mistakes to avoid when using ladders. Explains safe ladder use for home and in the workplace.(1990)
- Extension Ladders - Video 36 min. #M113  
Video covers: carrying, inspecting, angling, footing and extension length of ladders.(1981)
- Combination & Step Ladders - Video 20 min.  
Demonstrates detailed inspection of a combination wood ladder and the procedures for conducting the dead weight test. Safety rules also are covered.(1983)
- Landscape Maintenance - Video 27 min. #M115  
Discusses safety and maintenance procedures associated with landscape maintenance including mowers, string trimmers and landscape equipment.(1988)
- Landscape Safety - Video 12 min. #M116  
Addresses safety and maintenance procedures for hand and riding mowers, string trimmers, and equipment commonly used in landscape maintenance.(1988)

### Hand/Power Tool Safety

- Tree Trimming Safety - Video 21 min. #M117  
Addresses the safety and maintenance procedures for working with chainsaws and chippers and general tree trimming safety.(1989)
- Tree Trimming Safety - Video 21 min. #M118  
Addresses the safety and maintenance procedures for working with chainsaws and chippers and general tree trimming safety.(1989)
- Grounds Keeping: Lawn Mower Safety - Video 7 min. #M119  
Teaches safe employment of both types of mowers. This video covers inspections, maintenance, refueling and personal protective equipment.(1994)
- Landscape Maintenance Safety - Video 14 min.  
Covers proper work clothing, footwear, and PPE. It discusses lawn mower maintenance rules, proper employment and refueling. Also covers string trimmers, chainsaws and chippers.(1992)
- Landscape Maintenance Safety - Video 16 min.  
Covers safety issues for mowers, trimmers and using chemicals.(1989)
- Scaffold Safety - Video 8 min. #M122  
This video discusses the standards of scaffold safety such as minimums and maximums for scaffold height & weight, railways, hoisting and inspections.(1990)
- Landscape Safety - Video 12 min. #M124  
Addresses safety and maintenance procedures for hand and riding mowers, string trimmers, and equipment commonly used in landscape maintenance.(1988)
- Landscape Maintenance Safety - Video 16 min.  
Covers safety issues for mowers, trimmers and using chemicals.(1989)
- Chainsaw Safety - Video 13 min. #M126  
Addresses injury prevention for chainsaw use. Covers basic operating procedures & techniques, personal protective equipment, safety precautions, common causes of chainsaw injuries and more.(1989)
- Chainsaw Safety - Video 13 min. #M127  
Addresses injury prevention for chainsaw use. Covers basic operating procedures & techniques, personal protective equipment, safety precautions, common causes of chainsaw injuries and more.(1989)
- Chainsaw Safety - Video 13 min. #M128  
Addresses injury prevention for chainsaw use. Covers basic operating procedures & techniques, personal protective equipment, safety precautions, common causes of chainsaw injuries and more.(1989)

## Library Catalog

### Hand/Power Tool Safety

- Chainsaw Safety - Video 13 min. #M129  
Addresses injury prevention for chainsaw use. Covers basic operating procedures & techniques, personal protective equipment, safety precautions, common causes of chainsaw injuries and more.(1989)
- Chains, Slings & Hoists - Video 9 min. #M131  
Video details inspection, safety procedures as well as sling angle, hooks and general rigging procedures.(1989)
- Chainsaw Safety - Video 30 min. #M132  
Outlines all aspects of chainsaw use. Details engineering principles, safety and maintenance issues relating to chainsaws.(1980)
- Chainsaw Safety - Video 30 min. #M133  
Outlines all aspects of chainsaw use. Details engineering principles, safety and maintenance issues relating to chainsaws.(1980)
- Machine Safeguarding - Video 16 min. #M134  
Learn to identify & assess mechanical hazards & the various types of machine safeguards.(1997)
- Hand Tools & Portable Power Tools - Video 17 min. #M135  
Learn safe procedures and the causes of the most frequent injuries. Also learn how to control or eliminate hazards associated with hand tools & portable power tools.(1997)

### Hazardous Materials

- Hazard Communication Millenium Series - DVD  
28 min. #006  
  
This program provides all the updated information relating to a comprehensive HAZCOM written plan, including functions of the purchasing department, chemical storage, MSDS and proper labeling. This long version is designed on what should be in(2007)
- Hazard Communications-Millenium Series - DVD  
28 min. #DVD O110  
  
(English or Spanish) This program provides all the updated information relating to a comprehensive HAZCOM written plan, including functions of the purchasing department, chemical storage, MSDS and proper labeling.(2007)
- Process Safety Management - DVD 20:00 min.  
#DVD O180  
•  
Communication Standard. Details the use of MSDS, information, Hazard Analysis, Managing change, Pre-start up safety review, Operating procedures, Hot work permits, Incident investigation etc.  
• English (2007)

### Hazardous Materials

- Chemical Safety - Video 7 min. #O100  
This video covers the four types of chemicals, how they enter the body, and several safety tips on the safe use of chemicals. (1990)
- Waste Minimization - Video 6 min. #O101  
General overview of what waste minimization is, along with its benefits. It offers brief discussion of waste minimization components. Also has an example of source reduction, recycling and product substitution. (1995)
- Hazard Communication "Your right to know" Communication - Video 12 min. #O103  
Video defies physical and health hazards from chemicals. It conducts a brief review of the sections of the MSDS & identifies the requirements of temporary self-labeling. (1990)
- Handling Hazardous Materials - Video 7 min.  
Learn why hazardous materials are dangerous and precautions for handling, pouring, moving or storing them. Learn how the MSDS can help you. (1995)
- HAZMAT Spills: Are You Ready? - Video 9  
Addresses signals, symptoms, or indications that a spill has occurred, as well as containment, cleanup, training, evacuation, disposal and personal protective equipment. (1994)
- Working Safely with Carcinogenic Chemicals - Video 11 min. #O107  
Explains the effects of carcinogens and some of the known carcinogens. It covers use of the MSDS, administrative controls, personal hygiene, routes of entry and target organs. It also provides ideas in formulating a written spill reaction (1990)
- Flammable Liquid Safety - Video 9 min. #O108  
Covers the principles of air and vapor mixtures by explaining: flash point, lower flammable limit, and upper flammable limit and auto ignition temperature. (1991)
- Facts about the Hazard Communication Standard - Video 11 min. #O109  
Details the Hazard Communication Standard, facts about hazards relating to chemicals and Material Safety Data Sheets (MSDS). (1984)
- Hazard Communication for Heavy Industry and Foundry - Video 9 min. #O112  
Designed to familiarize employees with the Hazard  
This video covers: participation and training, safety labeling and chemical information. (1989)

## Library Catalog

### Hazardous Materials

- Hazard Communication: Your Right to Know - Video 12 min. #O113  
Educates employees in chemicals and hazardous materials used in the workplace. It explains MSDS, labeling and basic Safety. (1990)
- Hazard Communication: Your Right to Know - Video 12 min. #O114  
Educates employees in chemicals and hazardous materials used in the workplace. It explains MSDS, labeling and basic safety. (1990)
- Hazard Communication: Your Right to Know - DVD 12 min. #O114 DVD  
Educates employees in chemicals and hazardous materials used in the workplace. It explains MSDS, labeling and basic safety.
- Hazard Communication: Understanding Labels and MSDS's - Video 17 min. #O116  
Discusses the purpose of the HAZCOM Standard, section of the MSDS and reading labels. This video covers labeling requirements for temporary labels. (1991)
- MSDS and Chemical Safety for Custodians - Video 8 min. #O117  
Designed for custodian and maintenance personnel. Provides detailed information for Material Safety Data Sheets (MSDS), Labeling and Hazard communication. (1990)
- MSDS and Chemical Safety for Custodians - Video 8 min. #O118  
Designed for custodian and maintenance personnel. Provides detailed information for Material Safety Data Sheets (MSDS), Labeling and Hazard communication. (1990)
- MSDS and Chemical Safety for Custodians - Video 8 min. #O119  
Designed for custodian and maintenance personnel. Provides detailed information for Material Safety Data Sheets (MSDS), Labeling and Hazard communication. (1990)
- MSDS and Chemical Safety for Custodians - DVD 8 min. #O119 DVD  
Designed for custodian and maintenance personnel. Provides detailed information for Material Safety Data Sheets (MSDS), Labeling and Hazard communication. (1990)
- Burial Ground - Video 30 min. #O120  
Video discusses illegal dumping, regulatory involvement, hazardous chemicals, resulting fatality and child exposure. (1982)

### Hazardous Materials

- Chlorine Safety - Video 12 min. #O121  
Addresses the risks and hazards of chlorine, as well as safe use and leak procedures. (1988)
- Chlorine Safety - Video 12 min. #O122  
Addresses the risks and hazards of chlorine, as well as safe use and leak procedures. (1988)
- Chlorine Safety - Video 12 min. #O123  
Addresses the risks and hazards of chlorine, as well as safe use and leak procedures. (1988)
- Chlorine Safety - Video 12 min. #O124  
Addresses the risks and hazards of chlorine, as well as safe use and leak procedures. (1988)
- Chlorine Safety - DVD 12 min. #O124 DVD  
Addresses the risks and hazards of chlorine, as well as safe use and leak procedures. (1988) \* English
- Compressed Gas Cylinders - Video 5 min. #O125  
Learn hazards and review proper procedures for labeling, handling, moving and storage of compressed gas cylinders. (1995)
- Compressed Gas Cylinders - DVD 5 min. #O125  
Learn hazards and review proper procedures for labeling, handling, moving and storage of compressed gas cylinders. (1995)
- "CHIT" Labeling & Identification System - Video 10 min. #O126  
(CHIT Series) This chemical labeling system allows for the quick identification of a substance hazard, and the proper personal protective equipment to use. (1985)
- Safe Handling of Compressed Gas Cylinders - Video 6 min. #O127  
This video is for people who work with or near compressed gas cylinders. It reviews proper procedures for labeling, handling, moving and storage of compressed gas cylinders. (1993)
- Take Home Toxins - Video 6 min. #O128  
Chemical exposure risk does not end at work. Learn strategies to keep toxins at work and out of the home. (1995)
- Flammables, Combustibles and Explosives - Video 13 min. #O129  
Explains definitions, and their differences. Learn about hazards, labeling, storage, first aid, clean up and disposal. (1985)
- Corrosives & Irritants - Video 11 min. #O130  
Covers what corrosives and irritants are, physical forms, health hazards, personal protective equipment, first aid, cleanup and disposal. (1985)

## Library Catalog

### Hazardous Materials

- Lead Awareness - Video 11 min. #O131  
Game show video to convey significant aspects of lead in the workplace. Learn where it is, its target organs, symptoms and required medical/ air monitoring. (1994)
- HAZCOM: Corrosives - Video 7 min. #O132  
Covers the properties and health dangers of corrosives, required PPE, first-aid considerations and inspecting and handling procedures. (1995)
- HAZCOM: Reducing Exposure - Video 9 min.  
This video identifies routes of exposure and exposure reduction methods. It stresses personal protective equipment selection, inspection and preventing breakthrough. (1990)
- Hazard Communication - Video 11 min. #O135  
Video describes the Hazard Communication Standard, reading MSDS and understanding labels. (1990) Spanish
- Pesticide Primer - Video 5 min. #O136  
Review the dangers of using pesticides in and around your home. This video discusses precautions to take to avoid exposure to your pets and to yourself. (1992)
- Asbestos Cement Pipe Safety - Video 8 min.  
Although many agencies avoid using asbestos cement pipe (A/C Pipe), existing pipes may require repair. This video details risks and hazards associated with working with A/C Pipe, including safe methods for cutting, milling and disposal. (1988)
- Asbestos Cement Pipe Safety - Video 8 min.  
Although many agencies avoid using asbestos cement pipe (A/C Pipe), existing pipe may require repair. Detail risks and hazards associated with working with A/C Pipe including safe methods for cutting, milling and disposal (1988)
- Asbestosis - Video 5 min. #O139  
While it may take 15-30 years to develop symptoms, breathing asbestos fibers can lead to a life-threatening condition known as Asbestosis. This video looks at this disease and covers the importance of wearing the proper protective gear. (1988)
- Radon Doesn't Have To Be a Problem - Video 12 min. #O140  
Identifies the health effects of radon and the techniques used in new construction to avoid exposure for occupants. (1980)
- Radon Doesn't Have To Be a Problem - Video 12 min. #O141  
Identifies the health effects of radon and the techniques used in new construction to avoid exposure for occupants.(1980)

### Hazardous Materials

- Radon: The Health Risk Indoors - Video 10 min.  
The EPA identifies radon as our number one environmental health problem. Learn how to test for it and how to correct unsuitable conditions. (1980)
- Radon Resistant New Homes: A Public Officials Guide to Reducing Risks - Video 10 min. #O143  
Covers radon properties and risks. Construction standards are identified that address the threat. (1980)
- Radon: What Physicians Need to Know - Video 19 min. #O144a  
This video covers the source of radon and its link with lung cancer. It discusses how to test for the presence of radon and steps for a doctor to take to minimize the risks to patients. (1992)
- Hazardous Communication "Your Right to Know" - Video 10 min. #O146  
For the solid waste industry utilizing petroleum products, diesel fuel, office chemicals and paint. The program meets the legal requirements for training, MSDS, labels and chemical information. (1994)
- Hazardous Communication "Your Right to Know" - DVD 10 min. #O146 DVD  
For the solid waste industry utilizing petroleum products, diesel fuel, office chemicals and paint. The program meets the legal requirements for training, MSDS, labels and chemical information
- Hazardous Chemicals - Video 10 min. #O147  
Useful for construction workers, this video discusses how to reduce the risk of exposure to chemicals. Discusses inhalation, absorption, ingestion and acute and chronic reactions. (1991)
- The Last Link: Evidence Gathering at a Hazardous Materials Scene - Video 15 min.  
Learn why a hazardous materials spill requires additional evidence collections. (1989)
- Ship Shape: Compliance Reviews With HM Shippers - Video 13 min. #O149  
Safety investigators can be very effective in using techniques in conducting hazmat shipper compliance reviews. "Ship Shape" offers suggestions for investigators conducting HM compliance reviews.
- The Danger Within - Video 17 min. #O150  
Examine some of the common factors that can lead to hazardous materials cargo tank accidents. (1988)

## Library Catalog

### Hazardous Materials

Understanding the Hazardous Materials Training Requirements - Video 15 min. #O151  
This video can help you get started in understanding how HM training rules apply to you. You'll discover to whom HM requirements apply, the types of training required, why it's important to comply and an example of compliance. (1993)

Hazardous Substance: An Overview - Video 19 min. #O152  
Addresses the importance of enforcing the hazardous substance requirements. Experts talk about a proper definition and origin of the rules for Hazardous Substances. (1993)

The Hazardous Waste Puzzle - Video 20 min.  
Explains basic regulation interpretation and where new comers to this field can go for help. (1990)

The Cylinder Journal - Video 19 min. #O154  
This video introduces inspectors to compressed gases and cylinders. You will get a mini tour of a compressed gas facility where you will see what types of damage can happen to cylinders and learn how to read the container specific markings. (1994)

Hazmat Today - Video 13 min. #O155  
This video covers the fundamentals that safety investigators need for detecting the presence of hazardous materials which may not be obvious. (1996)

HM-215 An Overview - Video 6 min. #O156  
Your guide to some of the more significant changes to the hazardous materials regulations brought on by Docket HM-215. Includes new definitions, revised definitions, and changes to the Haz Mat table for mandatory compliance October 1, 1996. (1996)

Using the Emergency Response Guidebook (ERG) - Video 9 min. #O157  
Knowing how to use this book and apply the critical information it contains may save the lives of first responders and the general public at an incident involving hazardous materials. (1996)

HM-181 An Introduction and Overview - Video 10 min. #O158  
An overview of the intentions of the new Docket HM-181 regulations and what they are designed to do. (Video 1 in a Series of 6) (1991)

Understanding the International Hazard Classification System - Video 15 min. #O159  
Covers the classes and divisions, and points out some changes in the classification of hazardous materials under HM-181. (Video 2 in a Series of 6) (1992)

### Hazardous Materials

Poison-Inhalation Hazard Materials - Video 18 min. #O160  
Examines the hazard communications requirements for Poison-Inhalation Hazard (PIH) materials under HM-181. (Video 3 in a Series of 6) (1992)

Hazard Communications - Video 20 min. #O161  
This video describes the new shipping papers, labels, markings and placards to reflect revised hazard classes under HM-181. (Video 4 in a Series of 6) (1992)

Performance Oriented Packaging - Video 15 min. #O162  
This video looks at the new rules of Performance Oriented Packaging (P.O.P) under HM-181. (Video 5 in a Series of 6) (1992)

Highway Specific Requirements - Video 20 min.  
Reviews how HM-181 has affected the segregation chart and compatibility tables in 49 CFR part 177. Addresses the changes to accommodate the new hazard classes and divisions. (Video 6 in a Series of 6) (1992)

HazMat for Anyone - Video 14 min. #O164  
Introduces the viewer to the simple basics of hazardous materials regulations. This is the perfect video for basic HM awareness classes and introductory training.

HazMat for Responders - Video 15 min. #O165  
This video provides important information for first responders about responding to a hazardous materials incident. (1998)

Hazmat for Patrol - Video 17 min. #O166  
This video presents HazMat response and safety information designed especially for the patrol officer. (1999)

Biological Threat Safety - Video 27 min. #O167  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)

Biological Threat Safety - Video 27 min. #O168  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)

Biological Threat Safety - Video 27 min. #O169  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)

Biological Threat Safety - Video 27 min. #O170  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)

## Library Catalog

### Hazardous Materials

- Biological Threat Safety - Video 27 min. #O171  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)
- Biological Threat Safety - Video 27 min. #O172  
Outlines procedures to take for any biological or chemical threat. Main emphasis of the video is on anthrax. (2001)
- Industrial Hygiene - Video 14 min. #O173  
Develop your ability to recognize potential health and physical hazards. Learn key terms and concepts related to industrial hygiene and ways to control or eliminate these hazards. (1997)
- Hazard Communication - Video 11 min. #O174  
Find out about the means available to learn about chemical hazards in order to protect workers from injury and illness. Discusses the OSHA Hazard Communication Standard (HazCom) guidelines. (1997)
- Environmental Management - Video 13 min.  
Get acquainted with key points of major environmental legislation from the U.S. government. Learn to assess your facility's environmental policies and take appropriate measures to improve policies and achieve compliance. (1997)
- Safety, Health & Environmental Auditing - Video 16 min. #O176  
Audits deal with compliance programs and environmental safety and hazards in the workplace. Learn the 9 objectives of audits and what is involved in audit pre-planning. (1997)
- U.S. Chemical Safety & Hazardous Investigation Board - DVD 123.56 mins. #O181 DVD  
This video includes short safety videos in one, which investigates chemical accidents to protect workers, the public, and the environment. (2007)
- Small Spills & Leaks - DVD 15 mins. #O182 DVD  
This videos discusses spills and leaks in the work environment and how even a small incident can lead to disaster. It covers the six basic steps to spill containment and basic labeling requirements & MSDS. \*English, Spanish, Portugese and French
- Spill Prevention & Control - DVD 16 min. #O183  
Spill prevention control and countermeasures, or SPCC, was enacted by the EPA to protect our waterways and shorelines from oil spills. The rule considers many substances other than petroleum to be "oil". \* Enlgish and Spanish (2009)

### Health & First Aid

### Health & First Aid

- Surviving the Cold & Flu Season - Video 11  
Video discusses how infectious diseases are transferred. Describes defenses that can be used by the infected employee & the healthy employee to prevent illnesses. (1995)
- Don't Panic---First Aid Action - Video 36 min.  
Cardio-Pulmonary Resuscitation and first aid concepts are discussed in this program. (1988)
- Cold Stress - Video 8 min. #P105  
Causes, symptoms, and first aid for frost bite and hypothermia. Addresses "Buddy System" and appropriate attire for the cold. (1994)
- First Aid: Hands & Fingers - Video 9 min. #P106  
Video covers cuts, burns and amputations. Addresses personal protective clothing along with clean up and disposal of bio-hazardous waste. (1994)
- Outdoor Safety--Critters & Plants - Video 5  
Covers general outdoor safety including poisonous plants, first aid, and protective clothing and fire safety. (1991)
- Outdoor Safety--Critters & Plants - DVD 5 min. #P108 DVD  
Covers general outdoor safety including poisonous plants, first aid, and protective clothing and fire safety. (1991)
- Outdoor Safety--Critters & Plants - Video 5  
Covers general outdoor safety including poisonous plants, first aid, and protective clothing and fire safety. (1991)
- Basic First Aid - Video 13 min. #P110  
Covers the basic Skills used in emergency situations. (1990)
- Basic First Aid (SPANISH) - Video 13 min. #P111  
Spoken in Spanish, this video covers the basic skills used in emergency situations. (1990)
- Handwashing - Avoiding Germs and Viruses at Work - DVD 7 min. #P112 DVD  
Learn how to prevent illness by avoiding germs. Most germs are spread by the hands. Hand washing is the single most effective way to avoid spreading germs. English, Spanish & Portugese (2008)
- ### Heavy Equipment
- Forklift Operator Training - DVD 22 min. #L126  
If forklifts are used incorrectly, the resulting accidents can seriously injure or kill. This video discusses steering, maneuvering, special attachments, vehicle capacity, stability & more. \*English (1998)

## Library Catalog

### Heavy Equipment Safety

- Safe Operation of Forklifts - Video 16 min. #  
The program covers the following key areas: Daily inspections, Pre-operational Checks, Operational Checks, Loads and Load Handling, Operating Procedures, and Operation Rules. (2007)
- Color of Danger - Video 15 min. #L100  
Forklift safety, engineering principles, and maintenance issues are addressed in this excellent video program. Developed from actual accident case histories.(1980)
- Color of Danger - DVD 15 min. #L100 DVD  
Forklift safety, engineering principles, and maintenance issues are addressed in this excellent video program. Developed from actual accident case histories. (1980)
- Forklift Operations - Video 15 min. #L101  
Explains engineering principles, safe operating rules and operator maintenance in solid waste environment.(1989)
- Forklift Operator Safety - Video 16 min. #L103  
Stresses employee responsibility for safety and teaches engineering principles, OSHA operating requirements and operator maintenance.(1988)
- Forklift Operator Safety - Video 16 min. #L104  
Stresses employee responsibility for safety and teaches engineering principles, OSHA operating requirements and operator maintenance.(1988)
- Forklift Operator Safety - Video 27 min. #L105  
Stresses employee responsibility for safety and teaches engineering principles, OSHA operating requirements and operator maintenance.(1988)
- Forklift Safety - Video 10 min. #L108  
Reviews the OSHA regulation and explains engineering principles, maintenance and safe operating rules. (Spanish)(1988)
- Forklift Safety - Video 16 min. #L109  
This video explains engineering principles, safe operating rules and operator maintenance.(1989)
- Forklift Safety for Pedestrians - Video 4 min.  
For both forklift operators and pedestrians, video stresses the need for mutual cooperation.(1987)
- Supervisor's Forklift Training Program - Video 21 min. #L111  
Using a humorous approach, this video discusses the supervisor's responsibilities, including training operators, medical examinations, performance courses, maintenance and counseling of reckless operators.(1987)

### Heavy Equipment Safety

- Supervisor's Forklift Training Program - Video 21 min. #L112  
Using a humorous approach, this video discusses the supervisor's responsibilities, including training operators, medical examinations, performance courses, maintenance and counseling of reckless operators.(1987)
- Forklift Safety - Video 11 min. #L113  
For the novice and seasoned forklift operators, this video covers operating precautions, pre-operation inspection and loading/unloading a truck or semi-trailer with the forklift.(1994)
- Forklift Operator Safety - Video 18 min. #L115  
Spoken in Spanish, this video teaches forklift engineering principles, operator safety rules and operative maintenance.(1992)
- Forklift Instructor Training - Video 18 min. #L116  
Spoken in Spanish, this video discusses engineering principles, OSHA operating rules and equipment maintenance, which should be taught to all forklift operators.(1991)
- Side Loader Operations - Video 11 min. #L117  
Addresses safe operations of the side loader. Covers dumping loads, Special hazards and safe lifting.(1990)
- Side Loader Operations - Video 11 min. #L118  
Addresses safe operations of the side loader. Covers dumping loads, Special hazards and safe lifting.(1990)
- Side Loader Operations - Video 11 min. #L119  
Addresses safe operations of the side loader. Covers dumping loads, Special hazards and safe lifting.(1990)
- Forklift Operator Safety - Video 27 min. #L120  
Stresses employee responsibility for safety and teaches engineering principles, OSHA operating requirements and operator maintenance.(1988)
- Forklift Safety OSHA Final Rules - Video 18  
Teaches forklift engineering principles, operator safety rules and operative maintenance while stressing operator OSHA operating requirements.(1990)
- Safety Orientation for Foundry/ Heavy Manufacturing - Video 12 min. #L124  
Meets OSHA requirements for training in general hazards, as well as machine guarding, personal protection and accident reporting.(1989)
- Safety Orientation for Foundry/ Heavy Manufacturing - Video 12 min. #L125  
Meets OSHA requirements for training in general hazards, as well as machine guarding, personal protection and accident reporting.(1989)

# Library Catalog

## Heavy Equipment Safety

Forklift Operator Training - Video 22 min. #L126  
If forklifts are used incorrectly, the resulting accidents can seriously injure or kill. This video discusses steering, maneuvering, special attachments, vehicle capacity, stability & more.(1998)

## Job Safety

Water Treatment Plant Safety - Video 15 min.  
Addresses working around pumps, electricity, laboratories and related chemicals.  
Explains risks and hazards, as well as methods of risk avoidance in the treatment plant.(1990)

Water Treatment Plant Safety - Video 15 min.  
Addresses working around pumps, electricity, laboratories and related chemicals.  
Explains risks and hazards, as well as methods of risk avoidance in the treatment plant.(1990)

Maintenance Person Safety - Video 17 min.  
Explains hand/power tools, ladders, and electrical safety. Lockout/tagout procedures, handling flammable liquids, grounding techniques and safety tips.(1990)

Maintenance Person Safety - Video 17 min.  
Explains hand/power tools, ladders, and electrical safety. Lockout/tagout procedures, handling flammable liquids, grounding techniques and safety tips.(1990)

Safety for Facility and Equipment Maintenance Persons - Video 15 min. #N105  
This video covers personal protective equipment, housekeeping, hand/power tools, fires/flammables, electrical, lifting, ladders, lockout/ tagout, tool guards and general safety tips.(1990)

Safety for Facility and Equipment Maintenance Persons - Video 15 min. #N106  
This video covers personal protective equipment, housekeeping, hand/power tools, fires/flammables, electrical, lifting, ladders, lockout/ tagout, tool guards and general safety tips.(1990)

Safety for Facility and Equipment Maintenance Persons - Video 15 min. #N107  
This video covers personal protective equipment, housekeeping, hand/power tools, fires/flammables, electrical, lifting, ladders, lockout/ tagout, tool guards and general safety tips.(1990)

General Hazards in Manufacturing - Video 10 min. #N110  
Video covers electrical and mechanical safety, back injury prevention, fire protection and personal protective equipment.(1990)

## Job Safety

General Hazards in Manufacturing - Video 10 min. #N111  
Video covers electrical and mechanical safety, back injury prevention, fire protection and personal protective equipment.(1990)

General Hazards in Manufacturing - Video 10 min. #N112  
Video covers electrical and mechanical safety, back injury prevention, fire protection and personal protective equipment.(1990)

General Safety Hazards in Retail Facilities - Video 13 min. #N113  
Designed for the retail industry, this video covers general safety tips such as slips/trips/falls, fire prevention, chemicals, machinery, back injuries and personal protective equipment.(1990)

General Safety Hazards in Retail Facilities - Video 13 min. #N114  
Designed for the retail industry, this video covers general safety tips such as slips/trips/falls, fire prevention, chemicals, machinery, back injuries and personal protective equipment.(1990)

General Safety Hazards in Retail Facilities - Video 13 min. #N115  
Designed for the retail industry, this video covers general safety tips such as slips/trips/falls, fire prevention, chemicals, machinery, back injuries and personal protective equipment.(1990)

Safety in the Warehouse - Video 11 min. #N116  
Video covers general accident prevention techniques in the warehouse. Describes safe lifting, bow cutting, material handling and personal protection.(1990)

Safety in the Warehouse - Video 11 min. #N117  
Video covers general accident prevention techniques in the warehouse. Describes safe lifting, bow cutting, material handling and personal protection.(1990)

Safety in the Warehouse - Video 11 min. #N118  
Video covers general accident prevention techniques in the warehouse. Describes safe lifting, bow cutting, material handling and personal protection.(1990)

General Safety Hazards For Custodians - Video 17 min. #N119  
Designed for custodians and maintenance personnel in the school environment, this video discusses hand/power tools, electricity, machine operations, proper lifting, fire, asbestos, and personal protective equipment.(1990)

# Library Catalog

## Job Safety

- General Safety Hazards For Custodians -  
Video 17 min. #N120  
Designed for custodians and maintenance personnel in the school environment, this video discusses hand/power tools, electricity, machine operations, proper lifting, fire, asbestos, and personal protective equipment.(1990)
- General Safety Hazards For Custodians -  
Video 17 min. #N121  
Designed for custodians and maintenance personnel in the school environment, this video discusses hand/power tools, electricity, machine operations, proper lifting, fire, asbestos, and personal protective equipment.(1990)
- Roll off Operations - Video 14 min. #N122  
Program discusses loading containers, cable type hoists, unloading containers, container spotting, compactor containers and general safe operating techniques.(1990)
- Roll off Operations - Video 14 min. #N123  
Program discusses loading containers, cable type hoists, unloading containers, container spotting, compactor containers and general safe operating techniques.(1990)
- Roll off Operations - Video 14 min. #N124  
Program discusses loading containers, cable type hoists, unloading containers, container spotting, compactor containers and general safe operating techniques.(1990)
- Dual Protection - Video 15 min. #N125  
The subject of this video is spray painting/finishing processes. Addresses coating substitute, process substitute, proper ventilation and worker isolation.(1990)
- Safety Watch, Mar 95 - Video 28 min. #N126  
This video deals with four hazardous materials topics: take home toxins; waste minimization; cold stress; compressed gas cylinders.(1995)
- Hotel Housekeeping - Video 12 min. #N127  
Video covers lifting, chemical safety, protective equipment & dealing with broken glass or blood. It also provides safe cleaning procedures, and inspecting for safety hazards in the rooms.(1991)
- Hotel Housekeeping Safety - Video 12 min.  
Spoken in Spanish, this video covers lifting, chemical safety, protective equipment, and dealing with broken glass or blood. It also provides safe cleaning procedures, and inspecting for safety hazards in the rooms.(1996)

## Job Safety

- Job Safety Hazards - Video 5 min. #N129  
Video identifies hazards on the job such as machinery, lifting, electrical, fire, slips, falls and the danger of taking short cuts in work procedures.(1990)
- Machine Guarding - Video 7 min. #N130  
  
Learn how machine guards work and how they protect your workers. This video outlines the dangers of taking short cuts in work procedures.(1990)
- MSDS and Chemicals in Restaurants - Video 15 min. #N132  
Informs and trains employees on chemicals and hazardous materials used in the work place. Explains MSDS, labeling and basic safety.(1990)
- MSDS and Chemicals in Restaurants - Video 15 min. #N133  
Informs and trains employees on chemicals and hazardous materials used in the work place. Explains MSDS, labeling and basic safety.(1990)
- MSDS and Chemicals in Restaurants - Video 15 min. #N134  
Informs and trains employees on chemicals and hazardous materials used in the work place. Explains MSDS, labeling and basic safety.(1990)
- Orientation for Restaurant Employees - Video 14 min. #N135  
Covers general hazards for food service employees. Includes basic accident prevention, fire protection, electrical and mechanical safety, back injury prevention and PPE.(1990)
- Orientation for Restaurant Employees - Video 14 min. #N136  
Covers general hazards for food service employees. Includes basic accident prevention, fire protection, electrical and mechanical safety, back injury prevention and PPE.(1990)
- Orientation for Restaurant Employees - Video 14 min. #N137  
Covers general hazards for food service employees. Includes basic accident prevention, fire protection, electrical and mechanical safety, back injury prevention and PPE.(1990)
- Slips and Falls in Restaurants - Video 15 min.  
Spoken in Spanish, this video explains techniques to avoid both employee and customer injuries related to slips and falls in restaurants.(1990)
- Slips and Falls in Restaurants - Video 15 min.  
  
Spoken in Spanish, this video explains techniques to avoid both employee and customer injuries related to slips and falls in restaurants.(1990)

# Library Catalog

## Job Safety

- Support Personnel Safety- Dishwashers and Janitors - Video 12 min. #N141  
Designed specifically for restaurant/kitchen personnel. Meets OSHA training requirements detailing common hazards.(1990)
- Support Personnel Safety- Dishwashers and Janitors - Video 12 min. #N142  
Designed specifically for restaurant/kitchen personnel. Meets OSHA training requirements detailing common hazards.(1990)
- Support Personnel Safety- Dishwashers and Janitors  
Spoken in Spanish, this video is designed specifically for restaurant/kitchen personnel. Meets OSHA training requirements, detailing common hazards.(1990)
- Support Personnel Safety- Dishwashers and Janitors  
Spoken in Spanish, this video is designed specifically for restaurant/kitchen personnel. Meets OSHA training requirements, detailing common hazards.(1990)
- Support Personnel Safety- Dishwashers and Janitors  
Spoken in Spanish, this video is designed specifically for restaurant/kitchen personnel. Meets OSHA training requirements, detailing common hazards.(1990)
- Accident Prevention in the Kitchen - Video 13 min. #N146  
Discusses restaurant/kitchen safety. Video includes food preparation equipment, cleaning equipment, knives, food slicers, electrical safety, chemicals and other necessary information.(1990)
- Accident Prevention in the Kitchen - Video 13 min. #N147  
Discusses restaurant/kitchen safety. Video includes food preparation equipment, cleaning equipment, knives, food slicers, electrical safety, chemicals and other necessary information.(1990)
- Accident Prevention in the Kitchen - Video 13 min. #N148  
Discusses restaurant/kitchen safety. Video includes food preparation equipment, cleaning equipment, knives, food slicers, electrical safety, chemicals and other necessary information.(1990)
- Food Service Safety - Video 12 min. #N149  
Addresses need for strict adherence to basic sanitation principles. Covers bacteria growth, vector control, temperature controls, serving & storing foods and hygiene requirements for food service personnel.(1990)

## Job Safety

- Food Service Safety - Video 12 min. #N150  
Addresses need for strict adherence to basic sanitation principles. Covers bacteria growth, vector control, temperature controls, serving & storing foods and hygiene requirements for food service personnel.(1990)
- Food Service Safety - Video 12 min. #N151  
Addresses need for strict adherence to basic sanitation principles. Covers bacteria growth, vector control, temperature controls, serving & storing foods and hygiene requirements for food service personnel.(1990)
- Laser Safety--Hospital - Video 17 min. #N152  
Lasers are powerful surgical tools. This video discusses how to protect you and your patient, how a laser beam affects tissue, 2 types of laser eye injuries and the hazards of fire and smoke associated with electric lasers.(1985)
- Fire Safe - Video 9 min. #N153  
Video identifies precautions to prevent fires in healthcare facilities, along with actions to implement in case of a fire.(1989)
- Are You Prepared? - Video 13 min. #N154  
Are you prepared to evacuate your handicapped or wheelchair bound patients, employees or visitors? Demonstrates: Emergency Safety Chair, the Two-hand Seat and evacuating people in their wheelchair. Also explains the Buddy System for evacuations.(1980)
- Safety Orientation: Janitorial & Custodial - Video 17 min. #N156  
Focuses on the healthcare environment. It covers lifting, infection control, needle safety, compressed gases, electrical and fire safety.(1979)
- Safe Lifting of Patients to and from Wheelchairs - Video 8 min. #N157  
Learn to use a transfer belt, how to get a patient out of bed and onto a transfer table, along with handling a fallen patient and the importance of back exercises.(1991)
- Moving Patients from the Bed - Video 12 min.  
Covers back physiology, lifting procedures, and draw sheets, slide boards and the trapeze. Also covers information on casts, traction and using teamwork.(1991)
- Health/ Safety Factors In Welding - Video 28 min. #N159  
Discusses the potential health and safety concerns associated with welding operations.(1988)
- Health/ Safety Factors In Welding - Video 28 min. #N160  
Discusses the potential health and safety concerns associated with welding operations.(1988)

## Library Catalog

### Job Safety

- Health/ Safety Factors In Welding - Video 28 min. #N161  
Discusses the potential health and safety concerns associated with welding operations.(1988)
- Welding & Cutting - Video 10 min. #N162  
Video discusses welding hazards and personal protective equipment, along with requirements for a designated welding area and welding ergonomics ideas.(1994)
- Slips and Falls in Restaurants - Video 15 min.  
Covers techniques to avoid both employee and customer injuries related to slips and falls in restaurants.(1990)
- Slips and Falls in Restaurants - Video 15 min.  
Covers techniques to avoid both employee and customer injuries related to slips and falls in restaurants.(1990)
- Slips and Falls in Restaurants - Video 15 min.  
Covers techniques to avoid both employee and customer injuries related to slips and falls in restaurants.(1990)
- Safety Housekeeping & Accident Prevention - Video 15 min. #N166  
This video emphasizes "safety first" and details techniques to prevent accidents and remedy situations that cause injuries. (1980)
- High-Impact Workplace Safety - Video 20 min.  
Safety takes effort and commitment. This video discusses lockout hazard communications & hazard recognition, jobs that require training & authorization, PPEs, workplace signs, and safety procedures. Warning: This video shows graphic injury (2001)
- Pre-Job Safety Checklist - Video 9 min. #N168  
Planning ahead for safety. (1993)

### Lockout/Tagout Safety

- Of Energy Sources - Video 27 min. #R102  
Covers: Hazards of uncontrolled energy, when to lock and tag, equipment shutdown and isolation, control of stored energy. (1995)
- Controlling the Beast - Video 19 min. #R103  
Video covers basic concepts about energy sources, when to use LOTO procedures, removing locks and tags and more. (1994)
- Controlling the Beast - DVD 19 min. #R103 DVD  
Video covers basic concepts about energy sources, when to use LOTO procedures, removing locks and tags and more. (1994)

### Lockout/Tagout Safety

- Lockout for Life - Video 21 min. #R104  
Reviews hazards of uncontrolled energy, equipment shut down and isolation procedures. (1992)
- Lockout for Life - DVD 21 min. #R104 DVD  
Reviews hazards of uncontrolled energy, equipment shut down and isolation procedures. (1992)

### Management Development

- Safety and the Supervisor - DVD 20 min. #DVD  
This program explains a safety program, and also how the supervisor's actions and enforcement of rules are key factors in an effective program, and legal responsibilities of the supervisor.(2007)
- Team of Champions - Video 29 min. #S100  
John Parker Stewart identifies how to establish and build a team of champions for maximum productivity. (1991)
- One Minute Manager - Video 14 min. #S101  
Ken Blanchard, author of "The One Minute Manager" examines effective management techniques, employee motivation and behavior modification. (1980)
- The Time Trap II - Video 25 min. #S103  
Dr. A. MacKenzie identifies how to control your life and your time. Learn the top ten time wasters, and how to overcome them. (1990)
- Managing Change: The Change Process and Helping Others. Understanding the - Video 57  
Are you planning a downsize, merger or reorganization? If so, you need to plan for, and manage, change and the aftershock. Also presents the Change Model. (1992)
- The Power of Customer service - Video 51 min.  
Teaches the value of a customer service department and customer service skills. (1992)
- Keep on Reaching - Video 35 min. #S106  
Change in the workplace creates special challenges. Learn how to lead your team through change in an effective manner.(1988)
- Managing Change- Interaction Vignettes - Video 6 min. #S107  
Offers several short descriptive passages on questions posed to managers by employees. Allows for group discussion on how to handle the questions.(1985)
- Inverting the Pyramid - Video 46 min. #S108  
John Parker Stewart teaches managers how to achieve commitment from their employees by being effective managers.(1988)

## Library Catalog

### Management Development

Handling Incoming Calls - Video 23 min. #S109  
Addresses business phone etiquette to properly handle customers. Also covers methods of handling complaints, methods to increase sales and how to respond to clients if the answer to their inquiries has to be "No."(1985)

Solving Conflict - Video 28 min. #S112  
Learn to help your employees resolve conflict and re-establish teamwork.(1993)

Solving Conflict - DVD 28 min. #S112 DVD  
Learn to help your employees resolve conflict and re-establish teamwork. (1993)

Conflict Resolution - Video 8 min. #S113  
Addresses how to deal with interpersonal conflict, tactics of compromise, accommodation, competition, avoidance and collaboration.(1995)

Conflict Resolution - DVD 8 min. #S113 DVD  
Addresses hoe to deal with interpersonal conflict, tactics of compromise, accomodation, competition, avoidance and collaboration. (1995)

Discipline: Safety Enforcement - Video 6 min.

Procedures to conduct safety counseling to prove your firm is enforcing its safety policies, rules and procedures.(1990)

Safety and the Supervisor - Video 11 min.

Program explains what supervisors need to know about their safety responsibilities. \* Spanish (1992)

Documentation of Safety Efforts - Video 10

Identifies the requirements of safety documentation for training, orientation, audits and counseling. Discusses the legal significance of documentation.(1990)

Documentation of Safety Efforts - DVD 10 min.  
#S120 DVD

Identifies the requirements of safety documentation for training, orientation, audits and counseling. Discusses the legal significance of documentation. (1990)

Record Keeping Requirements for Recordable Injuries - Video 12 min. #S121  
Covers accident investigations, proper completion of records and the procedure for hospital & clinic visits as well as follow up paperwork.(1990)

Record Keeping Requirements for Recordable Injuries - Video 12 min. #S122  
Covers accident investigations, proper completion of records and the procedure for hospital & clinic visits as well as follow up paperwork.(1990)

### Management Development

Record Keeping Requirements for Recordable Injuries - Video 12 min. #S123  
Covers accident investigations, proper completion of records and the procedure for hospital & clinic visits as well as follow up paperwork.(1990)

Supervisor Communications - Video 15 min.  
Explains how to listen to employees and gain their respect, so employees will want to communicate with their supervisors.(1993)

Workers' Compensation Fraud - Video 12 min.  
Describes the benefits for workers injured on the job, and what types of injuries can be compensated. Describes what workers' compensation fraud is and the possible fines and imprisonment that can result from perpetrating this crime.(1992)

Workers' Compensation Fraud - DVD 12 min.  
#S127 DVD  
Describes the benefits for workers injured on the job, and what types of injuries can be compensated. Describes what workers' compensation fraud is and the possible fines and imprisonment that can result from perpetrating this crime. (1992)

Safety Management - Video 15 min. #S131

Discusses the advantages of a proactive, managed approach to safety, health, and environmental management. Learn ways to implement change in your facility to improve safety and health.(1997)

Communication/ Human Performance Management - Video 15 min. #S132  
Maintaining good communication and human relations is essential in the workplace. Learn to identify problems and miscommunications, and examine team, empowerment and leadership issues.(1997)

Safety & Health Training - Video 13 min. #S133

Effective job orientation and safety & health training are essential elements in every successful organization. Learn to describe the characteristics of adult learners and how to develop and select training for this audience.(1997)

The Customer Service Connection - Video 26 min #S135  
Learn to greet, listen, observe, evaluate and respond, manage rushed and overly-busy situations, resolve customer complaints, handle angry and manipulative customers and more.(1995)

Customer Service... With Spirit - Video 25 min.  
This video reflects the ongoing philosophy of it's leading character, Agatha Morgan Prescott, founder of "The Prescott Company".(1995)

### Personal & Office Employee Safety

## Library Catalog

### Personal & Office Employee Safety

Heat Stress - DVD 12 min. #T116 DVD  
Video covers a general overview of correct equipment and clothing to wear during extreme hot temperatures. It also discusses signs of heat stress and how to deal with it. (Spanish)(1990)

### Personal & Office Safety

Personal Protective Equipment - Video 17 min. #  
This video looks at why personal protective equipment is so important and reminds employees of what is available.(1996)

The Essential Elements of Hand Safety - Video 13 min. # T200  
Covers the use of personal protective equipment and the importance of safe work practices in helping to minimize potential hand injuries.(1997)

Heat Stress - DVD 9:30 min. #DVD T117  
(English or Spanish) More illnesses are surfacing from employees working in abnormally high temperatures, such as in a hot warehouse or warm assembly environment. This video discusses heat stroke, heat stress, and fainting.(1994)

Working Safely in Hot Environments - DVD 9 min. #DVD T124  
This video stresses prevention of heat-related illnesses by taking proper precautions, recognizing symptoms of heat stress and responding appropriately to those symptoms. (2002)

Fall Protection - DVD 21 min. #DVD T140  
OSHA's 1926.503 requires fall protection for anyone working 6 ft. or more above ground. Excellent presentation. Fall protection types: guardrails, safety nets, fall arrest and monitoring systems, control access zones, body harnesses (2002)

Personal Protective Equipment: Create the Barrier - DVD 22:52 min. #DVD T202  
This program covers:  
Hazard assessment  
PPE selection  
PPE fit  
Proper care and use of PPE  
  
English/Spanish with Subtitles (2007)

Eye Protection - Video 13 min. #T100  
Video details the requirement for eye protection as well as types of protection commonly available. Includes a brief overview of protective eyewear production.(1980)

Eye Safety - Video 9 min. #T102  
This video details the eye injury hazards at the work site and discusses the appropriate protective equipment for eyes. Warning: Some graphic eye injuries are shown.(1989)

### Personal & Office Safety

Eye Safety - DVD 9 min. #T102 DVD  
This video details the eye injury hazards at the work site and discusses the appropriate protective equipment for eyes. Warning: Some graphic eye injuries are shown. (1989)

Eye Safety - Video 9 min. #T103  
This video details the eye injury hazards at the work site and discusses the appropriate protective equipment for eyes. Warning: Some graphic eye injuries are shown.(1989)

Eye Protection--"New Approach" - Video 15  
Details risks and protective equipment for eyes.(1988)

Eyewash Stations & Safety Showers - Video 9 min. #T106  
This video identifies when these systems are required, where they are to be placed, their inspection and maintenance. Employee training is also addressed.(1995)

Eye Protection - Video 5 min. #T107  
Video discusses the eyes' natural safety features, the purpose of safety glasses, choosing the correct welding lens and first aid for the eyes.(1992)

Hearing Conservation - Video 19 min. #T108  
Program provides in depth explanations of what sound is, how it is measured, the relationship between excess noise exposure and potential hearing damage. Discusses risks and injury prevention techniques.(1988)

- Video 13 min. #T109  
Covers hearing protection devices, proper fit, how we hear and how to protect against hearing loss.(1989)

Hearing Conservation - DVD 12 min. #T109 DVD  
  
Program provides in depth explanations of what sound is, how it is measured, the relationship between excess noise exposure and potential hearing damage. Discusses risks injury prevention techniques. (1989)  
English

Heat Stress - Code Red - DVD 13 min. #T111  
  
Heat stress, heat stroke, heat rashes, heat cramps - all are dangerous to your employees. This training DVD will give them the knowledge they need to avoid the dangers of working in hot, humid conditions. \* English & Spanish (2008)

Heat Illness Prevention - Video 10 min. #T112  
Video identifies the signs, symptoms and prevention of heat illness.(1989)

## Library Catalog

### Personal & Office Safety

- Eye Safety - Video 10 min. #T114  
Protect your eyes by using the proper protective equipment and following good eye safety procedures.(1991)
- A Sound Practice - Video 16 min. #T115  
Describes what hazardous sounds are and how to protect against them.(1989)
- Heat Stress - Video 12 min. #T116  
Video covers a general overview of correct equipment and clothing to wear during extreme hot temperatures. It also discusses signs of heat stress and how to deal with it. (Spanish)(1990)
- You're Covered - Video 16 min. #T119  
This video covers information on the safe use and maintenance of personal protective equipment (PPE), including proper use and fit, proper care and storage, and the importance of using PPE.(1991)
- Protecting Your Feet-Learning the ABC's - Video 18 min. #T120  
This video discusses good housekeeping and how to maintain healthy feet.(1993)
- Foot Protection - Video 9 min. #T121  
Video covers foot hazards and the special shoes made to protect the feet. Covers safety shoe impact and compression ratings for work shoes.(1994)
- Hand Safety - Video 15 min. #T122  
Protect your hands. Learn proper use of hand tools, causes of hand injuries and when to wear gloves.(1987)
- Off the Job Safety - Video 10 min. #T125  
Off-the-job accidents account for 70% of employee deaths. This film highlights how easy it is to lose sight of safety off the job.(1995)
- Off the Job Safety - DVD 10 min. #T125 DVD  
Off-the-job accidents account for 70% of employee deaths. This film highlights how easy it is to lose sight off the job. (1995)
- Electromagnetic Field Awareness - Video 5  
What is an electromagnetic field and what appliances produce them? Provides a recommended limit to exposure, along with methods to reduce exposure.(1994)
- No Shortcut To Safety - Video 73 min. #T127  
True story of an electrician who lost a hand because he was comfortable taking shortcuts and violating safety rules. Share his pain and humiliation.(1991)

### Personal & Office Safety

- No Shortcut To Safety - Video 73 min. #T128  
True story of an electrician who lost a hand because he was comfortable taking shortcuts and violating safety rules. Share his pain and humiliation.(1991)
- Hazard Recognition - Video 9 min. #T129  
Video discusses teamwork, reporting problems and dangerous situations, avoiding risks/shortcuts and correcting co-workers.(1994)
- Smoking At Work - Video 4 min. #T130  
Video to make smokers aware of not only the danger from their second hand smoke, but dangers they can be putting themselves and co-workers in by smoking in unauthorized areas. Tips for those considering quitting smoking.(1995)
- Horseplay: Just Horsing Around - Video 5 min.  
Reviews the possible hazards & potentially dangerous consequences of horseplay on the job.(1991)
- Horseplay: Just Horsing Around - DVD 5 min. #T132 DVD  
Reviews the possible hazards & potentially dangerous consequences of horseplay on the job. (1991)
- Battling Fatigue - Video 5 min. #T133  
Fatigue on the job can mean trouble. This video describes various types of fatigue and suggests ways fatigue can be overcome.(1989)
- Robbery and Employee Theft - Video 16 min.  
Details specific ways of dealing with robbery and covers the internal controls associated with employee theft.(1990)
- Robbery and Employee Theft - Video 16 min.  
Details specific ways of dealing with robbery and covers the internal controls associated with employee theft.(1990)
- Robbery and Employee Theft - Video 16 #T136  
Details specific ways of dealing with robbery and covers the internal controls associated with employee theft.(1990)
- Workplace Security - Video 10 min. #T137  
Learn practices that can control workplace access and how a lack of workplace security can create safety hazards.(1995)
- Is It Worth Your Life? - Video 18 min. #T138  
Prepare your employees and your store for late night robberies and reduce the possibility of violence.(1992)

## Library Catalog

### Personal & Office Safety

- Housekeeping for Safety - Video 8 min. #T139  
Teaches supervisors/workers the proper habits of good housekeeping, and the positive impacts it will have on safety.(1994)
- Manufacturing Falls - Video 15 min. #T145  
Designed for the manufacturing industry, this video covers awareness, attitudes, and action to prevent falls. It describes proper use of PPE and emphasizes knowing equipment limitations.(1997)
- Reduce Your Risk - Video 15 min. #T146  
Help safeguard yourself and your family against vehicle related crime. This video offers prevention techniques for when you're behind the wheel of an automobile, as well as techniques to minimize danger while walking to and from your car.(1993)
- Work Standards and Safety - Video 12 min.  
Provides new employees with a serious statement of accepted industry standards on tardiness, absenteeism, safety and general work rules.(1989)
- Work Standards and Safety - Video 12 min.  
Provides new employees with a serious statement of accepted industry standards on tardiness, absenteeism, safety and general work rules.(1989)
- Work Standards and Safety - Video 12 min.  
Provides new employees with a serious statement of accepted industry standards on tardiness, absenteeism, safety and general work rules.(1989)
- Safety Orientation in the Office Environment - Video 13 min. #T155  
Video covers avoiding slips, trips and falls, lifting procedures, file hazards, video display terminal use, and ergonomics. It also offers fire prevention tips.(1991)
- Employee Training Responsibilities - Video 22 min. #T156  
Video addresses such topics as the safety orientation, supervisor training, documentation, retraining and training methods.(1990)
- Employee Safety Orientation (SPANISH) - Video 15 min. #T157  
Spoken in Spanish, this video meets OSHA training requirements regarding the general hazards to which employees may be exposed in the manufacturing industry.(1989)
- Employee Safety Orientation (SPANISH) - Video 15 min. #T158  
Spoken in Spanish, this video meets OSHA training requirements regarding the general hazards to which employees may be exposed in the manufacturing industry.(1989)

### Personal & Office Safety

- Employee Safety Orientation (SPANISH) - Video 15 min. #T159  
Spoken in Spanish, this video meets OSHA training requirements regarding the general hazards to which employees may be exposed in the manufacturing industry.(1989)
- Employee Safety Orientation - Video 12 min.  
Video covers orientation for solid waste industry. It covers administrative procedures for safety violators, employee responsibilities, alcohol/drug use, equipment/guards, PPE/work clothes, fire safety, MSDS, plus ladders and lifting.(1988)
- Employee Safety Orientation - Video 12 min.  
Video covers orientation for solid waste industry. It covers administrative procedures for safety violators, employee responsibilities, alcohol/drug use, equipment/guards, PPE/work clothes, fire safety, MSDS, plus ladders and lifting.(1988)
- Contingency Training - Video 7 min. #T163  
When an employee is assigned a new job or a new process is introduced, they should be trained on what to do when something unusual occurs.(1995)
- New Hire Orientation for Public works and Construction - Video 9 min. #T164  
Meets OSHA requirements for training in general and specific safety issues.(1989)
- New Hire Orientation for Public works and Construction - Video 9 min. #T165  
Meets OSHA requirements for training in general and specific safety issues.(1989)
- Safety Orientation/ Administrative Employees - Video 14 min. #T166  
Addresses hazards in the office such as fires, lifting and moving, and slips/trips and falls.(1989)
- Employee Safety Orientation (SPANISH) - Video 15 min. #T169  
Spoken in Spanish, this video meets OSHA training requirements regarding the general hazards to which employees may be exposed in the manufacturing industry.(1989)
- Lifting In the Office - Video 9 min. #T174  
Video shows how the back functions and the importance of proper posture. It also demonstrates proper lifting techniques.(1991)

## Library Catalog

### Personal & Office Safety

- Workplace Violence - Video 10 min. #T175  
Offers an overview of establishing a workplace violence program that includes policy statement, threat assessment management team & training. Provides information on a typical would-be attacker's profile and early warning signs.(1995)
- Workplace Violence - DVD 10 min. #T175 DVD  
Offers an overview of establishing a workplace violence program that includes policy statement, threat assessment management team & training. Provides information on a typical would-be attacker's profile and early warning signs. (1995)
- Walking & Working Surfaces-- Watching Your Step - Video 19 min. #T176  
Useful for the construction industry, this video will help train workers about proper use of equipment and procedures on walking and work surfaces.(1995)
- Human Behavior Reducing Unsafe Acts - Video 11 min. #T179  
Defines unsafe acts, explains the causes of accidents and the counseling that may be necessary for both employees and supervisors. Discusses the essentials of an effective safety program: Education, engineering and enforcement.(1990)
- Human Behavior Reducing Unsafe Acts - Video 11 min. #T180  
Defines unsafe acts, explains the causes of accidents and the counseling that may be necessary for both employees and supervisors. Discusses the essentials of an effective safety program: Education, engineering and enforcement.(1990)
- Human Behavior Reducing Unsafe Acts - DVD 11 min. #T180 DVD  
Defines unsafe acts, explains the causes of accidents and the counseling that may be necessary for both employees and supervisors. Discusses the essentials of an effective safety program: Education, engineering and enforcement. (1990)
- Human Behavior Reducing Unsafe Acts - Video 11 min. #T181  
Defines unsafe acts, explains the causes of accidents and the counseling that may be necessary for both employees and supervisors. Discusses the essentials of an effective safety program: Education, engineering and enforcement.(1990)
- Stress in the Work Place - Video 8 min #T186  
  
Stress can adversely impact safety and performance. Video covers symptoms and signs of stress, plus management strategies.(1995)

### Personal & Office Safety

- Hearing Conservation - Video 12 min. #T188  
Program provides in depth explanations of what sound is, how it is measured, the relationship between excess noise exposure and potential hearing damage. Discusses risks and injury prevention techniques.(1989)
- Office Safety - Video 13 min. #T189  
Covers basic office safety, including office ergonomics, dealing with office hazard such as: back safety, electrical hazards, computer safety, slips, trips, and falls, and emergency preparedness.(1990)
- Safety Gear: Hand and Arm Protection - Video 11 min. #T190  
This video shows a variety of hand and arm safety gear. Two types of hand and arm injuries are identified: traumatic injuries and contact injuries. Techniques for protection are covered.(1990)
- Workplace Safety Orientation for Employees - Video 28 min. #T191  
Covers the work environment, equipment and emergency response procedures. Appropriate for organizations dealing with manufacturing, warehouses, confined spaces and hazardous materials.(2002)
- Workplace Safety Orientation for Employees (SPANISH) - Video 28 min. #T191(S)  
This video covers the work environment, equipment and emergency response procedures. Appropriate for organizations dealing with manufacturing, warehouses, confined spaces and hazardous materials.(2002)
- Hand and Wrist Injuries - Video 10 min. #T192  
  
Our hands are extensions of our brain. This video describes different types of hand and wrist injuries and how they are treated. Designed to show how to prevent injuries and what to do in case of an
- Personal Protective Equipment - Video 13 min.  
Learn how to improve the personal protective equipment (PPE) program in your facility. Become more aware of why and where PPE needs to be used and ways to overcome objections to using it.(1997)
- In the Blink of an Eye - Video 11 min. #T195  
This video discusses eye injuries that can occur on the job and how to prevent them. Learn the 10 steps to implementing an effective eye safety program in your workplace.(1996)
- The Kevin Bailey Story - Video 20 min. #T196  
  
Nothing delivers the importance of safety better than a true story. This unique & powerful presentation documents the devastating consequences of poor safety practices, which led to a leg amputation & devastating injuries.(2001)

# Library Catalog

## Personal & Office Safety

Personal Protective Equipment - Video 27 min  
This video looks at why personal protective equipment is so important and reminds employees of what is available.(2006)

Personal Protective Equipment Overview - Video 15 min. #T198  
Personal protective equipment can help prevent many types of injuries. Choose PPE that matches the hazard encountered and follow instructions for proper use.(2006)

Myths About PPE - Video 9 min. #T201  
Outlines the importance of proper use of PPE's.(1993)

Myths About PPE - DVD 9 min. #T201 DVD  
Outlines the importance of proper use of PPE's. \*English (1993)

Preventing Hearing Loss - Video #T202

## Respiratory Safety

Fit Testing Respirators - Video 10 min. #V100  
Explains respirator uses, as well as techniques for attaining a good fit.(1990)

Fit Testing Respirators - Video 10 min. #V101  
Explains respirator use, as well as techniques for attaining a good fit.(1990)

Respirator Fit Testing - Video 11 min. #V102  
Details how to achieve a good fit and assure a safe seal. Examines common problems and safety precautions.(1989)

Respirator Fit Testing - Video 11 min. #V103  
Details how to achieve a good fit and assure a safe seal. Examines common problems and safety precautions.(1989)

Respirator Care & Maintenance - Video 12 min.  
Describes tasks commonly performed when inspecting, cleaning, disinfecting, reassembling, testing and storing respirators.(1995)

Respirators and How to Use Them - Video 12 min. #V106  
Describes respirators and how to use them \*Spanish (1992)

Respiratory Protection - Video 11 min. #V107  
Discusses the types of respirators and their uses as well as inspection procedures, check fitting and proper storage.(1992)

## Respiratory Safety

Respiratory Protection - DVD 11 min. #V107 DVD  
Discusses the types of respirators and their uses as well as inspection procedures, check fitting and proper storage. (1992) English

## School Safety

Safety Orientation for High School Students - Video 16 min. #U100  
Video introduces basic, industrial and home safety that will expose students to safety in the workplace. Teaches electrical safety, machine guarding, chemical safety, fire prevention and general safety

Fire Prevention in Schools - Video 8 min. #U101  
Covers basic training in fire prevention and electrical safety for teachers, office personnel, maintenance personnel and junior & senior high school students.(1990)

Fire Prevention in Schools - Video 8 min. #U102  
Covers basic training in fire prevention and electrical safety for teachers, office personnel, maintenance personnel and junior & senior high school students.(1990)

Fire Prevention in Schools - Video 8 min. #U103  
Covers basic training in fire prevention and electrical safety for teachers, office personnel, maintenance personnel and junior & senior high school students.(1990)

General Safety Hazards for School Teachers - Video 15 min. #U104  
Program is for both experienced & inexperienced teachers. Covers electrical & mechanical safety, proper lifting, ladder safety, accident prevention and reporting.(1990)

General Safety Hazards for School Teachers - Video 15 min. #U105  
Program is for both experienced & inexperienced teachers. Covers electrical & mechanical safety, proper lifting, ladder safety, accident prevention and reporting.(1990)

General Safety Hazards for School Teachers - Video 15 min. #U106  
Program is for both experienced & inexperienced teachers. Covers electrical & mechanical safety, proper lifting, ladder safety, accident prevention and reporting.(1990)

High School Student Safety in the Auto Shop In The Auto Shop - Video 15 min. #U107  
Covers safety equipment and training requirements in the shop environment. Video includes welding, electrical, mechanical, PPE, hand/power tools and fundamentals of industrial safety.(1990)

## Library Catalog

### School Safety

How To Handle Chemicals in A School Environment - Video 15 min. #U108

Meets OSHA and EPA training requirements on labeling, storing, using, handling and disposing of hazardous chemicals and materials.(1990)

How To Handle Chemicals in A School Environment - Video 13 min. #U109

Meets OSHA and EPA training requirements on labeling, storing, using, handling and disposing of hazardous chemicals and materials.(1990)

How To Handle Chemicals in A School Environment - Video 13 min. #U110

Meets OSHA and EPA training requirements on labeling, storing, using, handling and disposing of hazardous chemicals and materials.(1990)

Lifting Safely in A School Environment - Video 8 min. #U111

Explains safe lifting techniques in a variety of school related tasks. Provides knowledge of how the back works and preventing back injury and muscle strain.(1990)

Lifting Safely in A School Environment - Video 8 min. #U112

Explains safe lifting techniques in a variety of school related tasks. Provides knowledge of how the back works and how to prevent back injury and muscle strain.(1990)

Lifting Safely in A School Environment - Video 8 min. #U113

Explains safe lifting techniques in a variety of school related tasks. Provides knowledge of how the back works and preventing back injury and muscle strain.(1990)

MSDS and Chemical Safety for Teachers - Video 8 min. #U114

Meets OSHA training requirements for school employee "Right To Know" laws. Topics include chemical hazards & avoidance, MSDS and labeling.(1990)

MSDS and Chemical Safety for Teachers - Video 8 min. #U115

Meets OSHA training requirements for school employee "Right To Know" laws. Topics include chemical hazards & avoidance, MSDS and labeling.(1990)

MSDS and Chemical Safety for Teachers - Video 8 min. #U116

Meets OSHA training requirements for school employee "Right To Know" laws. Topics include chemical hazards & avoidance, MSDS and labeling.(1990)

### School Safety

Lab Safety for High School Students - Video 13 min. #U117

Video covers lab safety rules, personal hygiene, PPE, mixing, storage and disposal of chemicals. It provides definitions and examples of toxins, corrosives, etc...and the inspection/ handling of glassware.(1990)

Setting the Example - Video 26 min. #U118

Program stresses how examples set by supervisors & management contribute to the effectiveness of the safety program, particularly in a school environment.(1990)

Setting the Example - Video 26 min. #U119

Program stresses how examples set by supervisors & management contributes to the effectiveness of the safety program, particularly in a school environment.(1990)

Setting the Example - Video 26 min. #U120

Program stresses how examples set by supervisors & management contributes to the effectiveness of the safety program, particularly in a school environment.(1990)

Tools for Schools - Video 15 min. #U121

Explains the importance of good indoor air quality and shows how to properly operate and maintain school ventilation systems. Many indoor air quality problems can be prevented or solved by in-house staff using the basic techniques provided i(1990)

High School Student Safety

In The Auto Shop - Video 15 min. #U122

Covers safety equipment and training requirements in the shop environment. Video includes welding, electrical, mechanical, PPE, hand/power tools and fundamentals of industrial safety.(1990)

High School Student Safety

In The Auto Shop - Video 15 min. #U123

Covers safety equipment and training requirements in the shop environment. Video includes welding, electrical, mechanical, PPE, hand/power tools and fundamentals of industrial safety.(1990)

### Trench & Shore Safety

Trenching and Shoring- the Whole Story - Video 14 min. #W101

Addresses the risks and need for shoring. In addition to soil conditions, it covers conditions that affect stability, as well as the types of trench protection.(1988)

Trench Shields - Video 10 min. #W102

Covers ten safety rules that can minimize trench incidents.(1989)

## Library Catalog

### Trench & Shore Safety

Underground Safety: Jobsite Hazards - Video  
11 min. #W103

Safety is everyone's business. This video discusses the hazards associated with working in and around trenches and how to avoid injury. WARNING: Some graphic injury photos are shown.(1989)

Underground Safety: Personal Protection -  
Video 10 min. #W104

This video discusses personal protective equipment and general safe working procedures for those who work in and around trenches. WARNING: Some graphic injury photos are shown.(1989)

Trenching & Shoring Safety - Video 14 min.

Video covers general safety rules around trenching & shoring.(1990)

### Wild Animal Safety

From Barks to Bites-- A Parent's Guide to  
Keeping Your Child Safe - Video 20 min. #X100

Learn to protect your child from dog attacks and-- if an attack should occur-- how to minimize injury. Details techniques for recognizing problem animals, as well as techniques to avoid confrontations.(1996)

Dog Bite Prevention - Video 10 min. #X101

Useful for meter readers, mail carriers, delivery personnel, etc., this video details techniques for recognizing problem dogs, as well as, techniques to avoid confrontations.(1988)

Dog Bite Prevention - Video 10 min. #X102

Useful for meter readers, mail carriers, delivery personnel, etc., this video details techniques for recognizing problem dogs, as well as, techniques to avoid confrontations.(1988)

Dog Bite Prevention - Video 10 min. #X103

Useful for meter readers, mail carriers, delivery personnel, etc., this video details techniques for recognizing problem dogs, as well as, techniques to avoid confrontations.(1988)

Dog Bite Prevention - Video 10 min. #X104

(Spoken in Spanish) Useful for meter readers, mail carriers, delivery personnel, etc., this video details techniques for recognizing problem dogs, as well as, techniques to avoid confrontations.(1988)

Dog Bite Prevention - Video 10 min. #X105

(Spoken in Spanish) Useful for meter readers, mail carriers, delivery personnel, etc., this video details techniques for recognizing problem dogs, as well as, techniques to avoid confrontations.(1988)

### Wild Animal Safety

Africanized Honey Bees & Living With  
Africanized Honey Bees - Video 25 min. #X106

This video covers how Africanized honeybees become aggressive, what cautions to take if attacked and when medical attention is necessary. This video also describes identification of bees, basic facts, and how to prevent their nesting.(1995)

Africanized Honey Bees & Living With  
Africanized Honey Bees - Video 25 min. #X107

This video covers how Africanized honeybees become aggressive, what cautions to take if attacked and when medical attention is necessary. This video also describes identification of bees, basic facts, and how to prevent their nesting.(1995)

Africanized Honey Bees & Living with  
Africanized Honey Bees - DVD 25 min. #X107

This video covers how Africanized honeybees become aggressive, what cautions to take if attacked and when medical attention is necessary. This video also describes identification of bees, basic facts, and how to prevent their nesting. (1995)

From Barks to Bites: A Parents Guide for  
Keeping Your Child Safe - Video 20 min. #X109

Learn to protect your child from dog attacks and - if an attack should occur - how to minimize injury. Details techniques for recognizing problem animals, as well as techniques to avoid confrontations.(1988)
